### WORK ON BRIDGE HALTED FOR DAY BY ARMY DECREE

#### Resumed Today Under Verbal Permit to Build Some False Work

Construction operations on the new Galena avenue bridge were halted at noon yesterday by an order issued from the War Department engineering offices at Rock Island, but were resumed today until final action can be taken on an application to construct false work in Rock river. A telephone communication received at the local highways department offices this morning at 9 o'clock, granted verbal permission for the Shappert Engineering Company to proceed with the construction of false work, which was begun yesterday.

At the Dixon district highway division offices today it was stated that the War Department engineering offices at Rock Island had not approved the application permitting the contractor to build false work across Rock river, which is classified by the federal department as a navigable stream. This was said to have been the basis of an order being issued yesterday, halting operations until a permit could be issued.

To Work Sunday  
The verbal permit allows the contractor to proceed with the construction of about 85 feet of false work. At the offices of the Shappert company today, it was stated that operations, resumed at 10 o'clock, would continue through Sunday. It was expected that the necessary permit from the War Department engineering offices at Rock Island would be approved and a permit issued to allow the continuation of work by the first of the week.

The contractors have been taking advantage of the perfect weather conditions which followed a lowering of the flood stage of water to normal, in an effort to pour practically all of the piers before the arrival of freezing weather. Superintendent Max Summers stated today that a full force would work through Sunday to expedite early construction of the piers.

### Moline Youth Facing Petty Larceny Charge in Lee County Court

Howard Birrell, 16, of Moline, member of a family of 11 children, appeared before Judge Grover Gehant in the county court this morning on an information charging petty larceny. Birrell was taken in custody in Amboy yesterday afternoon by Officer Louis Scott and William Hull who conducts a news stand.

The Moline youth is charged with having taken candy bars, gum and cigars from the stock in the news stand during a brief absence of the owner, who pursued him to the bridge across Green river, then summoned Officer Louis Scott, who made the arrest. Birrell was brought to the county jail in Dixon and Mr. Hull filed an information in the county court.

Birrell stated in court that he had been arrested in Moline for the theft of money from a private home but was not prosecuted. Judge Gehant appointed Attorney Cuvé Glosser of Ashton to represent the youth and the hearing was continued for one week to permit members of Birrell's family to be present.

### Sedan Turned Over Twice; No One Hurt

(Telegraph Special Service.)  
Polo, Oct. 13.—A party of four persons and their driver, all of Carrier Mills, escaped serious injury near here late yesterday afternoon when a rear tire of the car blew out and the sedan turned over twice.

Ward Cole, Mrs. Jewell Joiner, her daughter Louise, aged 19 months, and Miss Pauline Taborn were enroute north to Freeport with Wesley Taylor driving when the accident happened on route 26 near the Ambrose Kreibler farm. The machine turned over, narrowly missed a culvert and stopped against a telephone pole. The glasses in the doors were shattered and the front of the car damaged, but none of the occupants was injured.

WITH SAME WEAPON  
Belvidere, Ill., Oct. 13.—(AP)—Mrs. Daniel Toomey, 40, was found shot to death in her home last night. Police said the .32 calibre pistol which lay at her side was the weapon with which her late husband took his life April 25. Three children survived. An inquest was scheduled for late today.

### Why Pastor Fasts

Palmerton, Pa., Oct. 13.—The Rev. Lazar Kirichenko, pastor of the Greek Orthodox church, has taken only three to four cups of sweetened tea daily since October 2. He has lost 15 pounds, but refuses to discontinue routine duties at the church.

"I do not mind the fasting," he insisted. "After the third day, I had no desire for food. My body may require sustenance but not my spirit. Death would be a small sacrifice if it were to bring to the church the young people who must carry on after us."

The pastor originally intended to fast only 15 days, but later said he would continue "as long as necessary."

### SETTLEMENT ENDS SIT-DOWN STRIKE IN DETROIT PLANT

Detroit, Oct. 13.—(AP)—Employees of the Motor Products Corporation, their one-day sit-down strike ended, awaited a call back to work today.

Settlement of yesterday's strike, which affected 2,200 persons, was reached in the Detroit office of the National Labor Relations Board late yesterday and ratified by the strikers last night before they vacated the plant here.

Homer Martin, United Automobile Workers president, said that A. L. Lott, president of the corporation, agreed at the conference to open negotiations with the union on its grievances and to draft a new contract to replace one which expired last summer.

Martin said the strike followed the management's failure to consider seniority in recalling workers and the installation of machinery which brought a wage reduction.

Another automotive strike was in the negotiation stage. It was at the Evansville (Ind.) plant of Chrysler's Plymouth division, and brought idleness to 2,300 workers in that plant and in the body-springing plant of the Briggs manufacturing company in the same city.

A conference was called at Flint today between union leaders and Buick executives to forestall a threatened strike by the Buick division of General Motors corporation. The chief issues before the conferees were wages and seniority.

### Three Minor Traffic Accidents Reported

Cars operated by Jack McKim and Nick Skalavantis of this city figured in a minor collision on First street and Peoria avenue shortly after midnight, in which the machines were damaged but the drivers were uninjured.

About 9:30 last evening, Thomas D. Kakuska of Oregon reported to the police that his car had been damaged in a collision with a machine, the licenses for which were said to have been issued to R. McCannathan of Rock Island. The occupants were not injured.

This morning at 10 o'clock two cars driven by Floyd Frey of this city and Earl Gruke of New Lisbon, Wis., figured in a minor collision on Second street and Madison avenue, which was reported to the police for investigation. The drivers were not injured.

### RADIO IN MONUMENT

Washington, Oct. 13.—(AP)—The towering Washington monument is going to be put to work. The district fire department received permission to install its peak receiving set for two-way radio communication. The apparatus will be part of a new municipal fire alarm system, for which PWA advanced funds.

### Fair Skies, Above Normal Temperatures Follow Showers in Midwest

Chicago, Oct. 13.—(AP)—Fair skies and moderate above normal temperatures prevailed throughout the middle west today after heavy rains in parts of the territory late yesterday and last night.

Light to moderate rain fell yesterday in Wisconsin, Iowa and Missouri and last night in Illinois, Indiana and Michigan. At Springfield, Mo., the fall measured 1.08 inches.

Temperatures generally were lower today with a maximum of 70 to 72 predicted for Chicago. Readings of 82 were taken yesterday at Chicago, Sault Ste. Marie and Alpena, Mich., and Fort Wayne, Ind.; 74 at Milwaukee and Green Bay, Wis., and Minneapolis, Minn.

STORM WARNING.  
Jacksonville, Fla., Oct. 13.—

### TRAINMEN KILLED WHEN LOCOMOTIVE BOILER EXPLODES

#### Accident Occurred About Three Miles West of Elgin Early Today

Elgin, Ill., Oct. 12.—(AP)—Three men were killed today and two others injured slightly when the boiler of a steam locomotive on a Chicago, Milwaukee & St. Paul railroad freight train exploded about three miles west of here early today.

The explosion, which witnesses said was a terrific blast, occurred at 4:30 a. m. as the westbound train of 99 cars proceeded up the Almore grade at a speed of about 15 miles an hour.

The dead were:  
Patrick Mangan, about 50, Chicago, fireman.

George Nelson, 60, Chicago, engineer.

George J. Hatchel, 47, Elgin, Ill., brakeman.

None of the freight cars left the tracks, but wreckage of the engine was strewn along the right-of-way for several hundred feet.

#### Mangled Bodies Found

The mangled bodies of Mangan and Nelson were found on either side of the tracks by Ambrose Grady of Chicago, conductor, and Walter Darr, of Bensenville, Ill., brakeman, both of whom were in the caboose and were only slightly injured from the sudden stopping of the train.

Hatchel was believed riding near the engine and his body was found in the wreckage of the tender.

Brady could ascribe no cause for the blast.

The body of Hatchel was not found for about two hours after the accident.

#### Traffic Held Up

Traffic on both the east and west lines was held up pending clearing of the wreckage. The boiler of the engine was thrown 200 feet north of where the train stopped, the coils of the engine 150 feet north, while the locomotive cab was 300 feet to the rear of the train front. The truck wheels of the engine, while attached to the train, as was the tender, were off the track.

Most of the 99 freight stock cars were empty. Brady said. The train left the Galewood Yards, in Chicago at 1:30 a. m.

Kane county officials immediately planned an investigation into the explosion, as did Milwaukee road officials in Chicago.

### Flower "Marathon" of Dixon Men Continuing

The flower "marathon" among Dixon men continues, with H. W. Taylor of 319 West Chamberlain and Glen Laidig of 66 Lincoln avenue as the most recent bestowers of bouquets for enjoyment of the Telegraph force.

Mr. Taylor's bouquet contained seven varieties of choice blossoms, including huge ruffled petunias, red carnation pinks, white pearl, cleome, which is more familiarly known as spider-flower, red and white nicotiana, delphinium and roses. Two beautiful specimens of Red Radiance roses centered the bouquet of tea roses from Mr. Laidig's garden.

Alex Turner, not to be outdone, pleased workers of the Telegraph with another beautiful bouquet.

### Vital Question

Grants Pass, Ore., Oct. 13.—Chamber of Commerce members chucked and unanimously checked the first item on a business and professional women's self-improvement questionnaire.

The question:  
"Do you believe more training is needed in spelling? Grammar? Punctuation?"

### BARUCH SAYS U. S. IS NOT PREPARED FOR ANY CONFLICT

Washington, Oct. 13.—(AP)—Bernard M. Baruch, who mobilized American industries in the World War, asserted today the United States was "unprepared" even for a defensive war.

He was an overnight guest at the White House. Upon leaving he told reporters:

"We have a good navy as a first line of defense, but while we have an army of 400,000 regulars and National Guard we lack sufficient arms and resources to put these men in the field in a first class way."

Baruch, who recently returned from abroad, said the "so-called Munich peace was due to one thing and one thing only, and that was the tragic unpreparedness of England and France, not only in the manner of planes, but many other things."

"Germany," he added, "was able to detach Poland from the allies and the allies were not in a position to stop Germany from moving. Where Russia was I don't know."

Baruch said "we ought to be ready to defend our homes and not find ourselves in the position of England at Munich. If England had been ready there would have been a different story at Munich."

### Governor of New York Appoints Special Men to Probe 'Corruption'

New York, Oct. 13.—(AP)—Governor Lehman announced today he would supersede Brooklyn District Attorney William F. X. Geoghan with a special prosecutor to investigate "alleged official corruption" in that borough.

The governor also announced the appointment of Justice Francis D. McCurn of Syracuse to hold an extraordinary term of Supreme Court for the investigation.

The special prosecutor, yet to be named, will conduct his inquiry before a special grand jury, which will supplant the regular grand jury now in session.

Lehman said he would ask Mayor F. H. LaGuardia to direct William B. Herlands, city commissioner of investigation, to cooperate with the special prosecutor.

It was Herlands who brought the Brooklyn situation to the governor's attention.

### Posse Abandons Search For Boy in Swamplands

Philadelphia, Oct. 13.—(AP)—A posse of 150 detectives and volunteers abandoned today a search for 14-year-old Charles Farrell in 1,000 acres of swampland wastes near the city airport where the lad disappeared three days ago.

A nightwatchman told police he saw the boy heading toward the treacherous swamp in headlong flight from an irate neighbor whose window had been broken by a rock hurled from Charles' slingshot. The neighbor was taken into custody for questioning.

Officials expressed belief the boy may have perished in the bogs, or have met with foul play.

### President's Son Hopes Father Has Had Enough

Houston, Tex., Oct. 13.—(AP)—Elliott Roosevelt, son of the president, said here today he hoped his father would not seek a third term.

"I wouldn't know, actually," he said, "whether he plans to run again, but personally, I hope he doesn't. Being the son of the president is sometimes a handicap."

### Pride Suffered

New York, Oct. 13.—(AP)—Everett Bowman of Hillside, Ill., winner of the world's all-around championship at the rodeo last year, streaked down the arena in the calf-roping contest at Madison Square Garden last night.

But instead of getting the calf, he roped a falling in front of a row of box seats.

Down came 10 feet of rail with a crash. The calf galloped off disdainfully. Bowman was unhurt but his pride suffered severe lacerations and contusions.

### Terse News

#### START LAYING STEEL

Track men of the Chicago & NorthWestern Railway yesterday began laying new 112-pound rails on the main line west of Dixon.

#### HONORED AT COE

Robert Auman of this city, a student at Coe College, Cedar Rapids, Iowa, has been named a member of the Coe college military band of which Stanley Vesley is the director.

#### AGED WOMAN FALLS

Mrs. Algenna J. Dauntler, aged 93, is confined to her home suffering from painful injuries sustained in an accidental fall near her home several days ago. Despite her advanced age, Mrs. Dauntler is very active and is able to be about her home in a wheel chair.

#### FIRST RAIN OF MONTH

The first measurable rainfall in Dixon since Sept. 20 was recorded at the government's observation bureau at Shuck's grocery during yesterday afternoon and last night, when .10 inches of water fell. On Sept. 13 the precipitation was .13 inches, and the total for that month was 8.69 inches.

#### ADMITTED TO BAR

James E. Bales, son of Mr. and Mrs. James R. Bales, 915 Second street, was one of 157 law graduates admitted to law practice in Illinois in ceremonies before the state Supreme Court today. Prior to the induction ceremony the members of the class and the justices of the court were luncheon guests of the Illinois State Bar Association.

#### STATE WARD DIES

Elbert L. Martin, Jr., 20-year-old epileptic patient at the Dixon state hospital, was found dead in bed in the ward yesterday morning about 6:30 by Dwight Black, an attendant. The youth had apparently been dead for some time. Dr. Kenyon B. Segner conducted an inquest at the institution yesterday afternoon at 3:30, the jury finding that death resulted from an epileptic seizure.

#### TO ATTEND CONVENTION

Frank L. Randall, president of Chapel Hill Memorial park, will leave Sunday for Memphis, Tenn., where he will attend the annual convention of American Cemetery Owners, at the Peabody hotel. The sessions open on Monday, Oct. 17, and continue through Oct. 21. Mr. Randall will be accompanied on the trip by his family.

### Britisher Arrives to Lecture on Tory Cause

New York, Oct. 13.—(AP)—Major James Strachey Barnes, cousin of John Strachey, English author detained at Ellis Island for probable deportation as an alien Communist, arrived today aboard the Vulcania to lecture in behalf of Prime Minister Chamberlain and the conservative cause.

"I am a rightist, a Tory and a supporter of Chamberlain," said Major Barnes. "I have come here to try to make Americans understand his point of view."

He said that "although our opinions are at opposite poles, I am very fond of my cousin and nothing would give me greater pleasure than to have him get free and debate with him."

### TWA Executive Tells Of New Type of Plane

Berlin, Oct. 13.—(AP)—Capt. D. W. Tomlinson of Transcontinental and Western Air, Inc., told the Lillenthal Society for Aerial Research today that his company soon would introduce high-flying air liners able to fly above most bad weather.

The TWA executive said his company, would use pressure-cabin airliners powered by four motors, with a capacity of 32 passengers. The cabins will be super-charged to insure an adequate oxygen supply.

The new planes, he stated, would avoid 90 to 95 per cent of the bad weather occurring at lower altitudes by flying at 20,000 feet or above.

### HIGH WINDS FAN FIRES IN WOODS ALONG FRONTIER

#### Fatalities in Canada and Minnesota Put at Score Today

By The Associated Press

Forestry officials watched anxiously today for "critical" developments as forest fires, fanned into new life by strong winds, ate through peat, brush and timber along both sides of the Minnesota Ontario border.

In their wake the flames left 20 persons dead, many badly injured, and uncounted thousands of dollars worth of damage to homes, farm lands and hay and timber crops.

After receiving reports from state forestry officials that lives of some residents in the northern Minnesota border area were "seriously endangered," Gov. Elmer A. Benson gave Adjutant General E. A. Walsh broad powers to mobilize National Guardsmen to "evacuate citizens of the stricken areas and otherwise co-operate with the forestry department."

The most devastating fires on the Canadian side of the border were reported from Dance township, west of Fort Francis, Ont. It was in that section that 17 settlers were burned to death.

Little Fork, Minn., south of International Falls, was the center of the danger zone on the American side of the border. Three American fire fighters have lost their lives during the long battle with the widespread fires, which have blackened scattered areas from Warroad, Minn., eastward to the Message Iron range.

As thousands of fire fighters, who have worked virtually without rest since Monday, swung axes and shovels in the path of the flames, National Guard airplanes circled overhead to stop new outbreaks. The entire area is tinder-dry, and tangles of underbrush and fallen trees hampered the workers.

Constable David Hamilton of the Ontario provincial police said at Ft. Frances that patrols were endeavoring to evacuate all settlers in the danger zones.

### Damage Action Heard by Jury Here Today

A jury in the circuit court today was hearing testimony in a damage action brought by Miss Ruby March of this city against Mrs. Lucille Bock of the Beauty Nook beauty parlor, in which the plaintiff seeks to recover \$2,000 for burns alleged to have been received while obtaining a permanent wave on Feb. 24 of this year. Attorneys Ruth Leydig and Mark C. Keller are appearing for the plaintiff while Attorney H. C. Warner represents the defendant.

Judge Albert H. Manus of Freeport, who has been confined to his home by illness for several days, occupied the bench in the court today. Judge Harry Edwards of this city has been presiding during Judge Manus' absence. The remainder of the September panel was excused until 9:30 tomorrow morning.

OTTAWA CORN FESTIVAL.  
Ottawa, Ill.—(AP)—A program featuring the crowning of Miss Lorraine Williamson of Dayton, Ill., as queen of the LaSalle county corn festival was scheduled to be held in the armory tonight. The festival will close tomorrow.

### Only Safe Rule

Wilson N. C., Oct. 13.—One safe rule here is: Stay out of grocery stores on Sunday.

Swooping down on one store, police arrested 20 persons on charges of working on Sunday.

A few minutes later the cops came back, found 20 more who weren't working, and arrested them for vagrancy.

### Venom of Snakes Most Deadly to Man Effective in Eye Treatment

Washington, Oct. 13.—(AP)—The venom of snakes most deadly to man soon may prove one of the most effective treatments to save eyesight, a South American physician said today.

The deadly fluid of rattlesnakes, water moccasins, cobras, and other poisonous reptiles already has been successful in treatment of some eye disorders, Dr. M. E. Alvaro of Sao Paulo, Brazil, told the American Academy of Ophthalmology and Otolaryngology.

Such conditions as inflammation of the tiny arteries of the eye, blood clots in the eye veins, and spasms of the blood vessels have been treated with the venom, previously rendered less active with heat or chemicals.

The action of these toxic ven-

### Bargain Offered

Chicago, Oct. 13.—(AP)—Want to buy a church?

The structure which housed the Wilmette English Lutheran church was offered for sale in a newspaper advertisement.

W. R. Sachse, treasurer of the congregation, explained that the faithful moved out recently when the mortgage holder foreclosed because a \$36,000 balance had not been paid.

Members reorganized under a new name, the Wilmette Evangelical Lutheran church, and now worship in the Masonic Temple in Wilmette, a north shore suburb.

The deserted building, Sachse estimated, has a seating capacity of about 200.

### POLAND ORDERS ALL CZECHS IN SECTOR TO LEAVE BY NOV. 1

Teschen, Poland, Oct. 13.—(AP)—Orders were posted throughout the Teschen district today for all Czechs who have settled since November, 1918, in this area, newly acquired by Poland from Czechoslovakia, to leave by November 1.

Most of those affected by the orders are government employees, school teachers, engineers and factory supervisors.

(Havas, French news agency, in a dispatch from Mahrish Ostrau said Czech teachers already had been forcibly ejected from their schools and from the Teschen district.)

Polish authorities are trying to facilitate the enforced exodus by issuing special departure permits to those falling under the orders.

It was understood that Czechs who settled in the district after November, 1918—that is, after formation of the Czechoslovak republic—but who can not or will not leave will be denied Polish passports and will be regarded as undesirable aliens.

(The Teschen area, some 300 square miles with a population of more than 200,000 mostly Polish, was ceded to Poland by the Prague government on Oct. 1. Occupation began Oct. 2.)

### Funeral of Homer W. Wilson Tomorrow P. M.

The funeral of Homer W. Wilson, 20, who was instantly killed when struck in the head by a falling flagpole at Mt. Horeb, Wis., Tuesday evening, will be held at 2 P. M. tomorrow at the home of his mother, Mrs. Corliss Lawler, 1125 Sixth street. The Rev. William Thompson, pastor of the Church of the Brethren, will officiate and burial will be in the Grand Detour cemetery. The young man, an enrollee in a CCC camp at Mt. Horeb, met death while swinging on the flag pole, the weight of himself and companions breaking off a section of the pole.

### Two Brothers Unhurt in Mishap Near Polo

(Telegraph Special Service)

Polo, Oct. 13.—Kenneth and Ted Adair, who reside northwest of here, narrowly escaped serious injury last night when their car skidded and turned over three times on route 52. The brothers were on their way to Polo about 7:30 o'clock with Kenneth driving. At the Wamsley curve the car skidded on the wet pavement. Both occupants were uninjured although the car was badly damaged.

### GIVES KIDS A BREAK

Detroit, Oct. 13.—Gus Dorais, Detroit University football coach, has an arrangement with the district caddie organization whereby each week some of the ball-chasers are admitted free to games.

Czechoslovak soldiers moved additional field artillery, machine-guns and supplies closer to the Hungarian frontier along the Danube. They were prepared for any contingency.

### Bridge Mined

Tension increased in this town, which straddles the Danube river. On the Czechoslovak side the Hungarian minority for days has been awaiting entry of Hungarian troops.

Steel-helmeted Czechoslovak soldiers with bayonets guarded every entrance to Hungarian soil.

The Lomarom bridge over the Danube was mined, ready for destruction should Hungarian troops attempt to cross.

Czechoslovakia apparently was faced with the most serious situation since the general mobilization of the army was ordered September 23, in the midst of the crisis with Germany.

Czechoslovak officers were having difficulty in restraining their soldiers. There was talk in the ranks that the soldiers—at the last minute before giving away territory to Hungary—might disobey their officers and start shooting.

### PARLEY BETWEEN HUNGARIANS AND CZECHS FAILURE

#### Negotiations Over De- mands by Hungary Are Broken Off

Komarom, Hungary, Oct. 12.—(AP)—(On the Czechoslovak border)—The Hungarian delegation to the Komarom conference declared tonight that negotiations on Hungary's demands for cession of Czechoslovak territory had been broken off.

Koloman Von Kanya, Hungary's foreign minister, read a declaration to a final session of the conference stating that the Budapest government would hand over its claims on Czechoslovakia to a four-power conference for decision.

This came about one hour after expiration of a Hungarian ultimatum calling for Czechoslovak acceptance of Hungary's territorial demands—said to cover some 8,000 square miles—by 6 p. m. (noon, EST).

The Hungarian spokesman said that his government saw no way to bridge the existing differences between the two nations by continuing the conference.

#### Delegates Pack Bags

Hungarian delegates packed their bags and boarded the Danube river steamer Sofia, where they were joined by Von Kanya, who had arrived from Budapest to receive the Czechoslovak reply.

The steamship was ready to leave immediately for Budapest. During the day both Czechoslovak and Hungarian troops were moved toward the already heavily-garrisoned border.

Hungary demanded cession of Hungarian-populated districts in Slovakia on the basis of the Hungarian 1910 census. Slovaks countered with a proposal to give up territory on the basis of the 1870 census, when there were but few Hungarians living in districts which Hungary now wants.

Wanted 8,000 Square Miles  
The Hungarian proposals, it was indicated, would require cession of 8,000 square miles, while Slovaks were willing to cede only 2,000 square miles.

## SWAN-SONG FOR CZECHOSLOVAKIA

Little Republic Forced to Yield to Every Hitler Demand

By DEWITT MACKENZIE  
Associated Press Foreign Affairs Writer.

Berlin, Oct. 13.—Nazism has lost no time in following up Herr Hitler's triumph in the Sudeten crisis by organizing for a drive calculated to make what is left of dismembered Czechoslovakia an economic dependency of Germany.

Government experts were busy on the program even while German troops were marching into Sudetenland to occupy the rich areas ceded by the harassed Prague government. Field Marshal Hermann Goering's visit to the new territory was to size up the economic situation. He performed a similar task when Austria was annexed.

A little story which is going the rounds amidst much Nazi laughter fairly sums up Berlin's attitude towards the Prague government and its greatly diminished territories. It is related that the Sudeten Germans came to der feuhrer and begged for autonomy.

**Promised to Czechs.**  
"I'm sorry," was the reply, "but I've already promised that to the Czechs."

Germany plans as complete a domination of Czechoslovakia as though the fatherland had annexed its small neighbor.

By going about the matter this way Feuhrer Hitler secures all the advantages of conquest without engaging in war, and at the same time avoids the complications which would follow trying to absorb such a liberty-loving people as the Czechs.

And the Prague government is said to be falling swiftly in line with German requirements. There is nothing else Czechoslovakia can do. Gone are the days when she figured on being able to defy Germany through help from France and Britain.

The "Lidove Noviny," official newspaper of the Prague government has made the position very clear in recent editorials. In one it said:

**Official Swansong.**

"Mr. Benes by his resignation is trying to make easier a new orientation of Prague's foreign policy—a new orientation which he himself recommends. Czechoslovakia must adapt itself to the changed situation in central Europe."

Subsequently we get this, which assuredly is a swansong of submission:

"Central Europe doesn't exist."

## Swastikas Bloom Suddenly In Sudetenland

Houses in Sudetenland towns taken over by Germany very quickly flowered with Swastika flags and garlands of evergreen as Nazi occupation troops approached. The photo above is typical of the decorated streets that greeted incoming German soldiers, with the buildings gay with hitherto forbidden Nazi emblems brought out of hiding before the withdrawing Czech forces were scarcely out of sight.

any longer. There is nothing left for us to do except go together with Germany. Even in economic respects we must refrain from any combination calculated to bring us into a lineup against Germany."

As a matter of fact, the turning of Czechoslovakia into a virtual dependency is no longer in much of a task for the nazis. The job was all but done for them when their leader achieved his Sudeten coup.

### PLAN CONFERENCE

Berlin, Oct. 13.—(AP)—Informed persons said today that Frantisek Chvalkovsky, Czechoslovakia's new foreign minister, would go to Berchtesgaden tonight to discuss with Adolf Hitler the basis of future relations between Germany and the dismembered republic.

Although Chvalkovsky, who arrived this morning from Prague, had a two hour conference with German Foreign Minister Joachim von Ribbentrop, it was understood larger questions were left for Hitler's own consideration.

The German feuhrer is expected to receive the Prague minister at the Bavarian mountain retreat which was the scene of his historic conferences with Kurt Schuschnigg, last chancellor of independent Austria; with Prime Minister Chamberlain of Britain a month ago, and a little later with the envoys of Poland and Hungary.

### Possible Questions

Among the questions on which Chvalkovsky is expected to hear

the feuhrer's desires are a possible German guarantee of Czechoslovakia's diminished frontiers and the severance of her alliances with Soviet Russia and France.

Chvalkovsky returned to the Czechoslovak legation after his talk with von Ribbentrop and also a brief meeting with Baron Ernst von Weizsaecker, secretary of state in the foreign office and chairman of the international Sudetenland commission which is delimiting Czechoslovakia's new boundaries.

Although no announcement was made concerning the talks it was understood that temporary arrangements for Czech-German relations until the transformation of Czechoslovakia is completed were under consideration.

Diplomats believed the two foreign ministers also considered the question of how far Czechoslovakia should bind herself to the reich, now that her Sudetenland has passed to Germany.

A New York judge fined a youth \$15 for staging a one-man football game in a subway.

## Three Couples Will Join in Golden Wedding Fete on Sunday

Brooksville, Ky., Oct. 13.—(AP)—More than 75 children and grandchildren of three couples who were married in 1888 at Johnsville, Ky., have been invited to attend a joint celebration of their golden wedding anniversary at nearby Lenoxburg Sunday.

The couples are Mr. and Mrs. Charles Feagan of Charleston, Ill., Mr. and Mrs. Charles N. McCarty of Lenoxburg, and Mr. and Mrs. Will Frank of Brooksville. All the wives are cousins. Feagan, the eldest of the six principals, is 78 years old. Mrs. Feagan and Mrs. McCarthy, both 70, are the youngest. When the couples were married they were residents of Bracken county.

A parachute jumper who was killed at Augusta, Ga., had sent a telegram to his father that morning saying, "I'm going to give up barnstorming after the show today."

## JAPANESE BEGIN WITHERING DRIVE ON HANKOW FORT

Simultaneously New Expedition Seeks Control of South China

Shanghai, Oct. 13.—(AP)—Japanese land and naval forces launched a withering attack on Shichaihsan fort, just 60 air miles from Hankow, around which the invaders are slowly closing in while a new Japanese expeditionary force begins attempt to dominate South China.

Most Japanese army and navy officials here believed the new offensive near Canton, 550 miles south of Hankow, was aimed at severing southern railways and capturing the southern metropolis itself, thus facilitating the relentless drive toward Hankow, the provisional capital.

The invaders established a spearhead at Sinyang, 100 miles north of Hankow, for two-way campaigns designed to add the Peiping-Hankow railway mileage to their already-captured railways.

Japanese war maps show Sinyang to be 187 miles south of Chengchow, Honan province railroad junction, and present the possibility of an offensive toward Chengchow to coincide with a long-delayed drive across the Yellow river southward.

### Floods Stopped Push

A Japanese push toward Chengchow was stopped just short of its

goal by early summer Yellow river floods, necessitating detours in the Hankow campaign.

With fierce fighting continuing near Liuling, the Japanese charted a drive down the Peiping-Hankow railway toward Lichai, six miles to the south.

Foreigners reported re-establishment of communications between Kuling and Nanchang, 170 miles southeast of Hankow, so that many Chinese and foreigners, including Americans, who had been marooned at the Kuling mountain resort since early summer could at last escape.

The reports gave credence to Chinese claims of successes in the Teian sector, on the Kiukiang-Nanchang railroad, where extremely bitter fighting still raged despite Japanese assertions the invaders had captured Yungshui, 16 miles south of Teian, and had encircled the defenders of Teian.

Japanese sources in Shanghai declined to estimate how many fighters might be needed to capture Canton but trained foreigners believed a force as large as the one hammering at Hankow would be required. That has been estimated at 300,000 men.

## Illinois Corn Crop Less Than Year Ago

Springfield, Ill., Oct. 13.—(AP)—A. J. Surratt, federal agricultural statistician, estimated today the state's corn harvest this year would approximate 361,673,000 bushels, 82,524,000 bushels less than the 1937 crop, yet far above the ten-year average from 1927 to 1936 of 289,731,000 bushels.

The crop expert said the carry-

over of old corn on Illinois farms—84,045,000 bushels—is the largest since 1933, comparing with 11,876,000 bushels a year ago and 30,772,000 bushels for the ten-year period.

The corn yield prospect this year, Surratt said, is 43 bushels an acre, 4 bushels under the record 1937 average.

With the highest soybean yield on record—22 bushels an acre—Surratt said the production outlook in Illinois for this crop is 24,574,000 bushels. The yield

last year was 20 bushels an acre with total production of 22,800,000 bushels. The combined production of all field crops this year is well above average, he said.

### A NEW HAM FLAVOR.

Here is a new flavor suggestion. Spread a little prepared mustard on sliced smoked ham then cover with strained honey and sprinkle with a little powdered cloves and cinnamon. Broil or bake until ham is very tender.

## how to avoid battery trouble-

If you fail to maintain the proper oil level in your motor—run your tires too soft—even let an ordinary teakettle boil dry—all will fail prematurely.

And so will your battery if it doesn't get the proper amount of water.

Teakettles need water, too.

Ordinary batteries require water every two or three weeks but—  
the Prest-O-Lite HiLevel in normal use needs

water only three times a year, reducing the common risk of battery failure 75%!

And besides this safety feature, the HiLevel delivers all the current needed for lights, heater, radio, etc., and provides as well ample power to spin the motor in coldest weather. Drive in soon and let us show you a HiLevel to fit your car.

## THE STEAM ROLLER ROLLS

One or two days ago when Dictator Hitler of Germany demanded damages from the Czechs for their occupation of Sudeten territory which has not been considered German soil for centuries, we thought der fuehrer was going just a little too far. We imagined he had better be thankful just to get Sudeten land, without asking for money in addition. It even occurred to many observers that such a demand, coming on top of so many concessions, might start a train of events that would lead to another crisis.

Judge the astonishment of the world, then, when the Czechs begin turning to Herr Hitler as a friend, and when they not only give him more territory than he originally asked, but promise him military support in the future.

That, then, appears to be the steam roller in action. Just a little more than evidence of that nature and the powers will be painfully aware that the Hitler steam roller is the very thing that has been feared, and fought for centuries. Steam rollers are not popular on the continent, except with the government on whose behalf they are rolling. Napoleon had one, and it took a coalition of several powers to stop it. Bismarck had one in the making, but the egotistical Kaiser threw a wrench in the works.

Only a little more weight and strength and Herr Hitler will have in operation a machine that could steam down the Danube valley clear to the sea; it could dominate, probably without firing a shot, such countries as Rumania and Bulgaria, and Turkey might be glad to have such a powerful friend. Dictator Stalin of Russia once was a divinity student. Probably, if the steam roller is a real one, we shall see how a paper hanger stacks up against an ex-divinity student in a war.

Furthermore, again supposing the steam roller is genuine, we may have a chance to see whether the friendship between Hitler and Mussolini, the former butcher's boy, is genuine.

We weep with the peace-loving powers, but must admit that Hitler certainly brings home the sausages.

## RELEASED FROM A HARD TASK

Hiroshi Saito, Japanese ambassador to the United States, has been recalled to Tokyo because, as Tokyo explains, his health is failing. And well it might fail, because the frail little Jap, who has been quite popular in the United States, had the impossible task of convincing the Americans that the Japanese are conducting their Chinese war in the interests of humanity.

In Japan it is only necessary to prove that the war is in the interests of Asiatic stability, or to popularize some other catch-phrase. One can get by in Japan merely by stating that the war is to advance Japan's destiny. In China it is not necessary to say anything except with machine guns.

But Saito was expected to keep the Americans friendly, and the poor diplomat found it impossible to prove to us that his country was making the world safe for democracy.

No wonder his health failed.

## ONE SENTENCE

The history of prison reform has been the history of man's growth into social maturity. The process is painful because a man doesn't find it attractive to admit that he has been grievously in error, and thus every new effort to effect further reform meets a very respectable wall of opposition.

A step that seems a little breath-taking at first has recently been recommended by Judge Ira W. Jane of the Wayne County Circuit Court, sitting in Detroit. Judge Jane submits that in all criminal cases there should be only one penal sentence—one year to life.

A man's period of imprisonment would not be determined in advance by the extent of retribution society wished to exact from him, but solely by the amount of time it would require to transform him into a fit person to participate again in the social scene. Whoever proved incapable of such reform would not be returned to society, whatever his crime may have been.

The suggestion is worth thought.

## CUPID AND TRANSPORTATION

This shrinking world is certainly raising plenty of Cain. Man has been reminded often enough in the last few years of the economic complications of his increased ability to move around at great speeds and with exceeding ease.

But now something new raises its unprepossessing head, in the shape of a declaration by a sociology professor that the new ease in getting about the world is a major factor in the boost in the American divorce rate. It seems that as the married person travels around, according to the professor, he—or she—sees too many attractive people to allow him—or her—to remain contented with the mate at home. Grandfather stayed happily married because he didn't know what else there was in the world.

All this may look like libel on three generations, but it's not beyond belief that the marriage mortality is what it is today for the same reason that the traffic mortality is what it is. Grandfather didn't have any traffic troubles; today's men and women haven't yet learned how to pilot their marriages safely among the new perils peculiar to a highly accelerated age.

## EYE-GAZING

Some stir has been caused by news that a professor of physics at the University of Pittsburgh has discovered considerable information about a man's past, present, and future simply by studying his eye with an ordinary reading glass.

This is interesting in a way, but scarcely remarkable enough to justify any excitement. A little reflection should disclose that comparable stunts can be done by almost anyone with the ordinary powers of perception.

You can easily tell how high a post a politician is aiming at simply by measuring the look of self-sacrifice, nobility, and crusading zeal he allows his gaze to display.

The briefest kind of glance at an investors eye discloses the current state of the market.

You can tell just exactly as much about any diplomat's inner feelings and intentions by looking at his eye as by listening to his words.

And by looking at your wife's eye you can tell immediately what it is you yourself have just done or what it is you are about to have to do.

It's a cinch.

WASHINGTON — No one around the White House is saying much about it, but the President's feeling toward Chamberlain, Mussolini and Hitler is a degree less than lukewarm these days.

His feeling for Hitler and Mussolini has been frigid for a good many months, but the lowered temperature toward Chamberlain comes of his belief that the Prime Minister lent himself to the perversion of Roosevelt's proposal of a general European conference, so that it degenerated into a secret sell-out of small democracies.

Though it was not made public at the time, Roosevelt's proposal to Hitler, telegraphed just before the Munich conference, envisaged a meeting of eight or more powers, including Russia and Czechoslovakia, two countries vitally concerned.

This idea was communicated to Chamberlain and to Mussolini, and it was understood that Chamberlain approved it. Instead he concurred in the twisting of Roosevelt's proposal into a four-power private deal.

**Simple Tastes**

Answer of a prominent foreign diplomat stationed in Washington when asked if he knew Hitler: "Yes, I am acquainted with him. He is a man of simple tastes. He is easily satisfied—if he can have everything he wants."

**Wallace's Reshuffle**

What most people missed in connection with Secretary Wallace's reshuffle of the Agriculture Department was that it fits into the pattern of the Reorganization Bill, and indicates the White House intention of pushing that bill to passage.

One of the first principles of the Brownlow Report—basis of the Reorganization Bill—was that private lands should come under Agriculture, and public lands under Interior.

In the Wallace reshuffle, all activities directly related to the farmer have been nailed down beyond chance of transfer to his Cabinet colleague, Harold Ickes.

But other functions of the Department have been left flapping in the breeze. For example, no provision for the Forest Service has been made in the new plan, despite the historic fight between Agriculture and Interior over its control. This service is not connected with private farm lands, but with public lands.

F. A. Silcox, Chief of the Forest Service, has long resisted transfer to the Interior Department, and last year declined Sec-

retary Ickes' offer of an Assistant Secretaryship if he would switch allegiance. Now it looks as if the Silcox agency is fated for transfer anyway.

The same is true of Public Roads, in which Wallace has no active interest. Still another agency left out is the Pure Food and Drug Administration, an orphan child of the Department.

Wallace stands ready to sacrifice an orphan or two, but the AAA has been safely folded into the family bosom and its name written down in the family Bible.

**Agricultural Conference**

The day after reorganization was announced, a group of Agriculture officials were exchanging banter about the confusion it caused, and saying they didn't know what agency they were attached to.

Remarked Mordakai Ezekiel, who is economic adviser to Wallace although paid by the AAA: "I don't even know what agency I'm being detached from."

**Convert**

This will be a big shock to business and to A. F. of L. moguls who have been whetting their knives to cut up the Wagner Labor Relations Act at the next Congress.

Senator Ed Burke, their most aggressive spokesman, has changed his mind about the whole idea. He is against it now. Burke's conversion is the result of a vacation trip to England, where he made a first-hand study of labor-employer relations. Now he is telling friends that he was all wrong about the evils of collective bargaining, that he will make no move to tamper with the Wagner Act.

"Collective bargaining seems to have worked out excellently in England," the Nebraskan explains. "Employers told me that strong unions meant discipline and responsibility among their workers. I still think there ought to be some revision of the Wagner Act, but I now feel that whatever changes are proposed should come from the sponsor of the measure, Senator Wagner. I don't contemplate offering any amendments."

Note—Burke's discovery that in England collective bargaining has proved effective in eliminating labor disputes concurs with the report of the special committee President Roosevelt appointed last summer to study the British system.

**Television**

Although it hasn't struck a public blow as yet, the anti-monopoly probe already is producing behind-the-scenes results.

Fearful of the committee's investigation into patent manipulations, two leading radio manufacturers are working their plants day and night turning out television sets to be put on sale for this year's Christmas trade.

This is two years ahead of the time they had originally planned to place the sets on the market. Naturally, the corporations will not attribute to the anti-trust probe their sudden zeal in releasing television to the general public. Nevertheless that is the real reason. Knowing that the Justice and Commerce Departments and the Federal Trade Commission are making a sweeping investigation of patent monopolies, the companies are jump-

"The keenest anguish known to human nature is the pain of a new idea," (Bagehot). We hope this column brings you pain.

**Answer to Question No. 1**

1. Women, by far. Men may do the creating and manufacturing but the demand is created mostly by women. They not only purchase vastly more clothes and personal adornments than men, but create the demand for home furnishings, dishes, table wear, draperies and the thousand and one knick-knacks that make the living standard of the home. But for women's demand for these refinements of life, we would probably still be living in caves.

**Answer to Question No. 2**

2. In their famous study of the moral habits of over 10,000 children from age 9 to 14, Hartshorne and May, Yale psychologists, found moral precepts did little good. Most everybody knows all the moral precepts by heart, but keeping them is the thing that makes character. On the other hand, millions of men go

ing the gun to avoid embarrassing disclosures.

Note—Actually, this is the second "dividend" the probe has paid. The first was the cut in prices announced by the steel industry early last summer. Steel is also under scrutiny by the committee.

**Merry-Go-Round**

Because Walter Liebman, New Deal candidate against New York's Republican Congressman Bruce Barton, was formerly a law partner of C. I. O. counsel Lee Pressman, David Dubinsky of the International Ladies' Garment Workers, personal foe of Pressman, blocked the withdrawal of George Backer, third man in the race on the American Labor Party ticket. Local Labor Party leaders support Liebman but despite repeated appeals, Dubinsky, who is on the verge of breaking with the CIO, would not allow Backer's name taken off the ballot. ## LABOR PROBLEM "PHILOSOPHICAL"

### Green and Lewis Stand For Different Stand- ards of Thought

Washington, Oct. 13.—(AP)—

The withdrawal of both William Green and John L. Lewis from their posts, in the opinion of many seasoned labor men, would not bring peace between the American Federation of Labor and the C. I. O.

That view is held by persons in a position to know the two sides of the labor dispute, by experts who have helped apply pressure to both factions and who are familiar with the behind-the-scenes efforts the administration is making to end the row.

Green and Lewis have been held apart by a personal feud of 20 years' standing. However, this was not the wedge which split organized labor three years ago this week. The wedge was made of fairly thin stuff at the beginning but has thickened with time.

It began with an idea for industrial unions. Lewis and some associates believed something ought to be done about the 30-odd million workers who did not belong to labor unions. These workers were not craftsmen and did not fit into the craft unions of the A. F. of L. A plan was worked out for industrial unions in which would be blanketed all the workers of an industry, regardless of skill or craft.

**Joined With Lewis**

The Federation toyed with the idea. It considered a proposal for granting charters to federal uni-

ons, which were industrial unions under another name. But it did not do enough with the idea to suit advocates of industrial unions. They joined with Lewis and created the C. I. O.

Green and Lewis began whacking away at each other. The C. I. O. pulled away from the Federation. The hard feelings began to percolate through the two organizations, reaching down to local unions.

The turn taken by government and labor laws injected another element into the dispute. Green and those who stand with him want labor left to play its own hand with industry. The support they have given some of the new labor measures has been cool, now and then to the point of frigidity.

Lewis represents another theory. He and his allies would like to line up government on the side of labor. They have dabbled in politics and legislation, have given gifts to campaign funds, have set up a political unit of their own.

Thus, the differences are no longer the simple arguments of whether workers shall belong to industrial or craft unions. The A. F. of L. and the C. I. O. represent different philosophies.

## Legion Auxiliary Installs Newly- Elected Officers

Installation of newly-elected officers, dedication of a unit flag, convention reports, and appointment of committees by the new president provided a busy session last evening for members of Dixon unit No. 12, American Legion auxiliary, in the American Legion hall. Forty members were in attendance, with Mrs. Emma Phalen, the retiring president, presiding.

Mrs. Mazie Kelly, thirteenth district chairman, was assisted by Mrs. Marie Hetler, sergeant-at-arms, and Mrs. Zella Kennaugh, musician, in exemplifying the installation ritual. Those installed were: President, Mrs. Dorothy Teschendorff; first vice president, Mrs. Leona Jordan; second vice president, Mrs. Kathryn Gardner; secretary, Mrs. Clara Traynor; treasurer, Mrs. Mazie Kelly; chaplain, Mrs. Lila Wagner; historian, Mrs. Mary Herrington; sergeant-at-arms, Mrs. Mae Chiverton; junior past president, Mrs. Emma Phalen.

Chairman appointments announced by Mrs. Teschendorff included: Americanism, Mrs. Kathryn Gardner; auxiliary loans, Mrs. Mabel O'Malley; child welfare, Mrs. Emma Phalen; fiduc, Mrs. Zella Kennaugh; junior activities, Mrs. Marie Hetler and Mrs. Mary Herrington; legislative, Mrs. Esther Walder; membership, Mrs. Louise Enichen; national defense, Mrs. Leona Jordan; Poppy Day, Mrs. Louise Withers; publicity, Mrs. Viola Strub; rehabilitation, Mrs. Pearl Marshall; veterans' employment, Mrs. Winnifred Edous; radio, Mrs. Ora Lenox; musician, Mrs. Ora Lenox; color bearers, Mrs. Maude Curtis and Mrs. Catherine Tusha; community service, Mrs. Edna Arnold.

Close cooperation was asked and pledged for the new president. The colors and a new unit flag were presented by Mrs. Mary Herrington and Mrs. Leona Jordan, assisted by four junior members, Lois Fitzsimmons, Charlotte Enichen, Mary Arnold, and Betty Bryan, acting as color bearers. The unit flag, the first service emblem to be displayed by the unit, was dedicated with impressive ceremonies.

Mrs. Kelly announced the annual school of instruction and caravan of department officers for Oct. 24 at Amboy. Presenta-

tion of a flag to a rural school taught by Miss Julia Brechon was reported for Oct. 25. Junior members will hold an important meeting Saturday afternoon in the Legion hall.

Echoes of the national convention held recently at Los Angeles, Calif. were given by Mrs. Kelly and Mrs. Emma Phalen. A donation was voted for Scouting.

Mrs. Anna Raffenberg and Mrs. Pearl Marshall were serving refreshments at the close of the meeting.

## ATTEND DISTRICT MEETING

Thirteen members of Baldwin auxiliary to United Spanish-American War veterans, were in Rockford yesterday, attending a meeting of district No. 3 at the Nelson hotel. All of the elective department officers were present, including the president, Mrs. Ada Duffey.

In the group from Dixon were Mrs. Lottie Horton, a past district president; Mrs. Hilma Helmick, district chaplain; Mrs. Dorothy Brewster, district patriotic instructor; Mrs. Maude Hobbs, president of the local auxiliary; and Mrs. Mabel Hinds, Mrs. Anna Bott, Mrs. Florence Cole, Mrs. Dora Hess, Mrs. Zella Corning, Mrs. Florence Stewart, Mrs. Helen Miller, Mrs. Alice Hemmen, and Mrs. Katherine Docter.

## SOUTH DIXON UNIT

Mrs. Fred Manning was hostess at the October meeting for South Dixon unit of the Home Bureau on Tuesday afternoon. Mrs. George Travis presented the major lesson, "Audit Your Health," and Mrs. Bertha Sindlinger gave instruction in "Loop Weaving."

Mrs. Carl Blum led group singing, and Mrs. William Fritts presented a program of whistling and instrumental music. Eighteen members and guests were present.

Next month, the unit members will begin their winter series of all day meetings and scramble luncheons. Mrs. John Mennenga is to be the hostess.

## FOREIGN TRAVEL CLUB

Foreign Travel club members will be entertained with a Caribbean travelogue by their hostess, when they meet at 8 o'clock this evening at the home of Mrs. Harry Edwards, 516 Hennepin avenue. This is to be the group's first meeting since the summer vacation period.

## ---A Tisket, a Tasket, Wear a Jeweled Basket

Miniature jeweled baskets, filled with tiny flowers of multi-colored stones, offer the newest idea in this season of sophistication when jewelry has taken on real importance. Pin one at a saucy angle on a saucy hat and two more on the little pointed cuffs of the briefest of gloves. Or figure out for yourself just where on your costume a pair will be most effective. They add a nice note to dinner as well as daytime clothes.

## PRAIRIEVILLE SOCIAL CIRCLE

A scramble luncheon preceded an afternoon of sewing for members of the Prairieville Social circle yesterday at the Prairieville church. Luncheon covers were arranged for 16 members and two guests.

At the opening of their afternoon meeting, the group sang one verse of "America," in recognition of Columbus Day. Mrs. Leroy Powers, the vice president, presided in the absence of the president.

The sewing will be continued in another meeting at the church in two weeks.

## TOASTMASTERS' CLUB

Members of the Toastmasters' club will hold their weekly dinner meeting at 6:15 o'clock this evening at the Nachusa hotel. The Rev. Howard P. Buxton, pastor of the Methodist Episcopal church, is to speak on "Jane Addams of Hull House." F. W. Lynch, principal of the South Central school, a newcomer to the city, is also to speak briefly.

## HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 miles of tiny tubes of filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passage with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Ideal Club Presents Interesting Program

A lesson on "Consumer Relations" and a travelogue interested members of the Ideal club, who were entertained Wednesday afternoon at the home of Mrs. Charles Swim. Mrs. May McDaniel was in charge of the lesson, during which she discussed various fabrics, their finish and proper laundering, and Mrs. Martha Wolkne gave the history of ancient and modern London.

The study course chosen by the club makes a constructive effort to help the consumer solve her buying problems through a better understanding of modern methods employed by manufacturers, retailers, and advertisers.

During roll call, the members reported on a summer reading program of favorite magazines and standard books.

Refreshments were served by the hostess at the close of the afternoon.

## RETURN FROM SPRINGFIELD

Mrs. Ira E. Lanphier and Mrs. Gracia Welch returned yesterday from a week's stay in Springfield where they enjoyed a delightful round of parties planned by relatives and friends. Mrs. Welch's daughter, Mrs. Hugo Surman, returned to Dixon with them, and will remain for the weekend.

Mrs. Lanphier was stopping at the home of Mrs. Clyde Ross, formerly of this city, and Mrs. Welch was visiting with her son-in-law and daughter at their new home on Lake Springfield. Among those entertaining for the Dixon women in the capital city was Miss Virginia Brown, niece of Miss Lucia Dement. Miss Brown made reservations at the Lincoln Home where she serves as custodian.

Mr. Surman will join Mrs. Surman here for the weekend, and on Saturday evening, the Springfield guests will be entertained at dinner at the home of Mrs. E. N. Howell. Others attending will be Mr. and Mrs. Ralph Ferguson, Mrs. Gracia Welch, Mrs. Ira Lanphier and son Edward.

## Rock Falls Girl Becomes Bride of William C. Doyle

In St. Mary's Catholic church at Sterling yesterday morning, Miss Maxine McDonnell, daughter of Mr. and Mrs. M. A. McDonnell of Rock Falls, pledged marriage vows with William C. Doyle, son of John F. Doyle of Highland avenue, Dixon. The Rev. Fr. Smith celebrated the nuptial low mass at 8 o'clock, in the presence of relatives and friends from Dixon, Rock Falls and Sterling.

Miss Celeste Ward of Sterling was at the organ, playing "The Bridal Chorus" from Wagner's "Lohengrin" for the entrance of the bride party.

Miss Zita Bradley of Dixon was the bride's only attendant, and Jack Phalen of this city served as best man. The bride, who was given in marriage by her father, chose an autumn brown frock with brown accessories, and carried Talisman roses in an arm bouquet. Miss Bradley was attired in teal blue with brown accessories and was carrying yellow pompons.

A wedding breakfast was served at the home of the bride's parents in Rock Falls, following the ceremony. An all-white cake decorated the center of the bride's table. Afterward, Mr. and Mrs. Doyle left on a short wedding trip.

Mr. Doyle is associated in business with his father, who is a contractor. Dixon guests attending the wedding included the bridegroom's father, and Mr. and Mrs. Willard Jones, Mrs. William Rink, Miss Dorothy and Jack Doyle, Mr. and Mrs. Eugene McDonnell and E. Bast.

## LOVELAND P. T. A.

Appointment of committees by the association president a special program, and presentation of American flags by the Woman's Relief corps featured the opening meeting of the season for members of the Loveland Parent-Teacher association Monday evening at the school. ## FRESH BRITISH TROOPS ARRIVE IN BETHLEHEM

### Establish Firm Control of Area in Which Disorders Raged

Bethlehem, Oct. 13—(AP)—British reinforcements freshly arrived from England established firm control today of the Bethlehem-Hebron area which had been the seat of operations of one of the largest Arab bands in Palestine.

Equipped with armored cars, trench mortars and machine-guns, 400 men of the Worcestershire regiment replaced a small post of Black Watch regiment troops in Bethlehem.

The new troops took over all of Bethlehem, which had been barely held by the post for weeks.

Detachments then pushed on 12 miles to Hebron, solidifying control of the area in which the Arab band had been operating virtually unchecked.

This band, with the support of Arab villagers, has terrorized areas as far south as Beersheba and north to Jerusalem.

The Worcestershires arrived from England last week and immediately went into action to quell outbreaks of Arab-Jewish disorders.

**Complete Order**  
Complete order prevailed in Bethlehem, the population of which had fallen from 7,000 to 6,000 because of the terrorism.

Christian and Moslem antique dealers near the Church of the Nativity impounded this writer to buy Christian antiques, explaining they had done no business for a long time.

"We hope peace comes soon, otherwise we shall be bankrupt," said their leader.

Hassan Sidky Dajany, a prominent Moslem lawyer who refused recently to participate in a campaign against Jews and British authorities, was shot dead.

An investigation disclosed that Dajany had been seized by an Arab band near Hebron last night and was shot and stabbed to death.

The slaying followed a day of terror and bullets that killed 25 Arabs yesterday and caused the British Royal Air Force to dispatch two planes to rescue a British police patrol ambushed by Arabs.

Dajany was a municipal councillor of Jerusalem and scion of one of the most prominent and wealthy Arab families in Palestine.

At the Damascus gate today two other Arabs, reported blacklisted by organized Arabs, were killed.

## STATE OF SIEGE ORDERED IN EAST CZECH PROVINCE

Paris, Oct. 13—(AP)—A Havas (French news agency) dispatch from Prague today said a state of siege, a form of martial law, had been proclaimed at Mukacevo (Munkacs) and in other districts in Ruthenia following a series of "incidents."

Mukacevo is the principal town of Ruthenia, also known as Subcarpathian Russia, easternmost province of Czechoslovakia.

The Prague government has granted the province autonomy, but both Hungary and Poland have urged that a plebiscite be held there with a view to its possible union with one of the two countries.

Havas quoted Czechoslovak authorities as asserting that on Oct. 9 smugglers brought a group of Hungarian terrorists into Ruthenia, crossing the border from Hungary at Tarpa, 25 miles south of Mukacevo.

The terrorists were said to have been armed with rifles, hand grenades, explosives and pistols of German manufacture similar to those which previously were found in possession of Sudeten Germans in northern Bohemia.

Havas said that with the smugglers, who know the border region well, as guides, several groups succeeded in entering Ruthenia over the week-end.

One group dynamited a railway over the Borzava river and later attacked the railway station at Borzava-Muzijovo, killing a railway employee and wounding a passenger in a bus which had stopped at the station, Prague authorities said.

## GOOD LUCK IN STYLE.

Paris.—(AP)—Good luck for an afternoon coat takes the form of four-leafed clovers cut out of gray kidskin fur. The coat is almond green woolen, and the clovers dot the front and spot the lapel. This is Lanvin's idea. Molyneux uses large disks of black Persian lamb to run down both front of a princess evening coat in black wool. As for size, a small pancake would just cover a disk.

Since his retirement as president of Czechoslovakia, Eduard Benes has been spending much of his time relaxing at his rustic estate near Sezimovo Usti, Czechoslovakia.

## Can't See "Visualized History"

Threatening to withdraw his 17-year-old daughter from Baltimore's Western High School, E. Paul Behles, an architect, demanded the deletion of "Visualized American History" from the school's required reading list. He is pictured above with his daughter Yvonne, examining the textbook which, although he voted for President Roosevelt, he condemned as "New Deal, election propaganda under the guise of American history."

## "DREADED CANCER AGE" IS PERIOD AFTER 60 YEARS

Philadelphia, Oct. 13—(AP)—An "alarming" increase in cancer deaths among persons over 60 shows this period of life is the "dreaded cancer age" for Americans, fellows of the United States chapter of the International College of Surgeons were told today.

Dr. Andre Crotti, president of the chapter, said in an address prepared for delivery at the college's second annual assembly that a survey of Ohio's cancer death rate, when applied to the nation as a whole, disclosed deaths in the over-60 class had almost doubled from 1910 to 1930.

"Perhaps a good reason for that increase," he said, "is that preventive medicine, better sanitation, especially our highly efficient welfare organizations, maternal welfare, etc., save a large number of individuals and prolong their span of life only to carry them to the dreaded cancer age."

It is a well known fact, he declared, that countries where sanitation is the poorest have "a much lower cancer incidence" than regions where sanitation is highly developed, because people die much younger in the former.

Dr. Crotti spoke at the first session of the two-day assembly, attended by about 200 fellows from throughout the country. He is head of the Cancer Clinic at Columbus, Ohio.

Pointing out that 150,000 people died of cancer in the United States last year, Dr. Crotti said that "it is generally conceded that at least one third of this frightful mortality could be surely eliminated if the laity would be fully cognizant of the cancer problem as we see it today."

The disease was not contagious and not hereditary, he said, adding:

"It can be truly said that cancer is not only an arrestable disease, but is a curable disease if caught early. In fact, one can say that any form of cancer no larger than a pea can be cured with almost 100 per cent certainty providing it is removed widely. However, the chances for complete permanent cures dwindle rapidly if the size of cancer is allowed to progress unchecked for too long."

**MEAT IN STORAGE**

Chicago—(AP)—Storage stocks of meat on Oct. 1 were one per cent larger than a year ago, the Institute of American Meat Packers announced, but continued the decline begun several months ago.

The stocks amounted to 370,000,000 pounds, 42 per cent less than the five-year average of 1929-33. The institute reported stocks of pork were two per cent smaller than a year ago and 48 per cent of the five-year average, and beef stocks were five per cent lower than a year ago and 20 per cent below the five-year average.

## NAZIS OF AUSTRIA LAUNCH CAMPAIGN AGAINST CARDINAL

Vienna, Oct. 13—(AP)—Vienna nazis, using all their propaganda means, launched a campaign today against Theodore Cardinal Innitzer and what they called "clerical agitators."

Newspapers were filled with attacks against the archbishop and "political Catholicism." They asserted that "the cup is full; it is time to act."

More than 100,000 nazis were expected in Heroes' Square tonight for a "mass protest" and District Leader Odilo Globocnik ordered "every decent-thinking person in Vienna" to appear there as public notice that the "entire population is against clerical provocations."

Joseph Buerckel, Chancellor Hitler's deputy in Austria, fresh from conferring with the Reichschancellor, was scheduled to proclaim measures to "end clerical provocations" at the meeting. Nazi leaders said "Buerckel will speak with the full authority of Hitler, with whom he has discussed the Cardinal's attack Oct. 7 on the fuhrer and the subsequent stoning of the Cardinal's palace. We do not know what

measures the reich commissioner will announce."

Buerckel arrived in Vienna early today from Saarbruecken, his home.

About 600 Catholics attended noon mass in St. Stephen's cathedral. The mass was without incident.

Outside the cathedral, however, groups of persons stood looking at the broken windows and boarded-up doorway in the nearby Cardinal's residence. Some windows were completely smashed while those of the Cardinal's private chapel were broken here and there.

A large nazi swastika flag fluttered over the front door of the palace.

The government ordered all householders to put out flags in jubilation over the return of Czechoslovak Sudetenland to Germany.

No foreign lawyers are to be henceforth admitted as members or any Dutch bar, even though they have obtained a law degree at a Dutch university.

## SUPPORT FOR BETTER DEFENSE NOW SEEMS CERTAINTY

Washington, Oct. 13—(AP)—Several Senators predicted today that the troubled international situation would assure President Roosevelt a clear track in Congress if he requests substantial increases in the national defense budget.

Senator King (D-Utah) who opposed the billion-dollar naval expansion program at the last session, said in view of world conditions he now was inclined to support larger appropriations for both the navy and the army.

Roosevelt said this week a budget increase would be necessary to provide \$150,000,000 for new warship construction next year.

Senator Borah (R-Ida.) indicated he would continue his opposition to large naval expenditures, but said he had little hope Congress would accept his view. Senator Townsend (R-Del.) has predicted most Republicans would support increases in defense appropriations.

Senator Truman (D-Mo.) declared:

"I'll not only vote for more funds for the navy, but I am going to work for an adequate appropriation for anti-aircraft guns and planes."

From another quarter came a proposal that the United States "earnestly consider" retaining the Philippines as a national defense measure instead of granting their independence in 1946.

Lieut. Ernest M. Eller, Naval Academy instructor, contended in the United States Naval Institute proceedings that the islands might prove to be a source of strength rather than a weakness in event of a Pacific war.

As long as this nation holds the Philippines, he said, it could "check possible Japanese world aggression" and "thereby protect her own shores."

Louis Pasteur was very near-sighted.

**South China Area**  
Hongkong, Oct. 13—(AP)—Heavy Chinese reinforcements were rushed from the East river district to the Bias Bay area near here today with indications they might soon come to grips with a large new Japanese expeditionary force.

Roads to Waichow, 80 miles east of Canton and the garrison city nearest Bias Bay, were choked with commandeered trucks and buses filled with Chinese soldiers.

Waichow is believed one of the first objectives of the Japanese contingent, estimated to number more than 35,000 troops, which landed yesterday at Bias Bay. It is connected with the South China metropolis of Canton by a good highway.

The Japanese appeared to be pushing steadily inland towards Tamshui, a town ten miles from the coast. From there the invaders would have 25 miles to go across comparatively flat country to reach the vital Kowloon-Canton-Hankow railway at a point about 30 miles from the Hongkong frontier.

Increasingly bitter fighting was reported in the Pingshan-Nimshan district at the extreme northeast end of Bias Bay, where the Japanese apparently were consolidating for an advance up the highway to Waichow.

The defenders were expected to give the Japanese the first real resistance at Tamshui and farther inland beyond the range of Japanese naval guns. The Chinese were reported to have built strong defense works to protect the railroad, over which munitions and other supplies have been shipped to Hankow, the Chinese provisional capital 550 miles north of Canton.

# PRESIDENT GIVES OKAY TO PWA SUBWAY GRANT TODAY

Washington, Oct. 13—(AP)—President Roosevelt approved today an \$18,000,000 PWA allotment to Chicago for construction of a subway in the loop district.

PWA estimated the total cost of the project at approximately \$40,000,000 and said the city would finance the balance of the cost.

The presidential approval was given, said Administrator Ickes, subject to fulfillment by the city of certain assurances given PWA.

These assurances, Ickes said, included "a pledge that the city will lose no time in putting through a unification ordinance which will cover all of the surface, elevated and bus services of the city."

Ickes asserted the ordinance would contain a clause requiring the company using the subway to pay the city a share of its gross receipts which would be placed in a trust fund for extension of the subway.

He said PWA retained the right to approve the ordinance in advance of its passage and that all plans, drawings and specifications used for the project would first have to have the approval of a special engineering board he appointed recently to study the project.

The project for which the President approved today's allotment contemplates construction of the State street subway from 14th street to the Clybourn avenue connection of the present elevated system.

It also includes construction of a subway in Dearborn street from Congress street to Lake street and along Milwaukee avenue to a connection with the Logan-Humbolt elevated lines.

**Circuit Judge Erred In Freeing Prisoner**  
Springfield, Ill., Oct. 13—(AP)—The Illinois supreme court today directed the return of Abraham Karatz to a state prison, holding Circuit Judge Edwin L. Wilson of Will county was without jurisdiction in releasing him.

Karatz was convicted in the Cook county criminal court of conspiracy to defraud the Amalgamated Trust & Savings bank of \$55,000 and sentenced to a term of one to five years and fined \$2,000. The conviction was affirmed by the appellate and supreme courts.

Later Judge Wilson released Karatz in a habeas corpus proceeding. The supreme court said this action was unwarranted in view of the earlier supreme court affirmation of the conviction.

The high court ordered the circuit court record quashed and directed the sheriff of Cook county to take Karatz into custody.

**Price of Crude Oil In Illinois Basin Cut**  
Mt. Vernon, Ill., Oct. 12—(AP)—The Owensboro Corporation, one of the principal buyers of crude oil in the Illinois basin, announced today a ten cent reduction in its purchase price of crude oil in all areas except Centralia.

The new price announced by the corporation was \$1.15 per barrel at the well. The price in all areas except Centralia previously was \$1.25. In the Centralia area the price already was \$1.15 and it remained unchanged.

The reduction was the second by the Owensboro Corporation in three months, the original price having been \$1.35. The announcement said the new price became effective at 7 a. m. today.

**DIMAGGIOS DANCE.**  
San Francisco, Oct. 7—(AP)—A tiny voice answered the telephone at the home of Joe DiMaggio's parents.

"Papa and Mama DiMaggio are out in the front room." It was Betty Kron, niece of the Yankees' star outfielder and home run buster, talking. "Papa has Mama and they are dancing around the room. Papa is shouting, 'Hooray, he hit a big one.'"

# RAGING FIRE IN REFINERY UNDER CONTROL; 20 HURT

Linden, N. J., Oct. 13—(AP)—A raging fire, which destroyed millions of gallons of oil, kerosene and gasoline and injured a score of men, was smothered under control today, leaving eight acres of a refining company's "tank farm" a field of charred, twisted girders.

Linden Fire Chief Frank T. Miller, who estimated damage at "more than \$1,000,000," said the fire had finally been localized to one 1,554,000-gallon tank of fuel oil. Approximately 20 other tanks were destroyed by explosions and flames.

Fifty of the 1,500 firemen and volunteers who fought the spectacular blaze through the night remained today to cool the melted tank skeletons so company officials could investigate the cause and estimate the damage. Elliott McDowd, advertising manager of the Cities Service Refining Company, estimated in New York that the loss was "approximately a half a million" dollars.

The weary army of firemen and volunteers battled the vast tongues of flame and clouds of greasy, black smoke until dawn this morning as the fire raged through the heart of one of the world's greatest refinery centers.

**Teacher Discharged For Being Spectator During Demonstration**  
Medfield, Mass., Oct. 13—(AP)—Friends of 23-year-old Christina Alach rallied behind her today after the Medfield school committee discharged her as a teacher because, it said, she "acknowledged taking active part" in a protest demonstration against the Munich four-power settlement.

The committee announced it acted after receiving complaints from Medfield residents who recognized Miss Alach in a newspaper picture of a group protesting the Sudeten decision before the British consulate in Boston on Oct. 2.

"I was just an onlooker at a demonstration protesting Chamberlain's policy over Czechoslovakia," the young teacher explained to newsmen.

Told that some complainants objected because they asserted Communists had sponsored the demonstration, Miss Alach heatedly denied any radical link. "I am not a Communist in belief," she insisted, "nor a member of the Communist party."

**Says Nation's Drink Bill Was 3 Billions**  
Mattoon, Ill., Oct. 13—(AP)—A total of \$3,500,000,000 was the nation's drink bill for the year ended June 30, 1937, Mrs. Maude Pettys Fairbairn, president of the Illinois Women's Christian Temperance Union, told delegates at the 64th annual convention yesterday.

Mrs. Fairbairn said the cost of all education during 1936 was \$2,638,000,000—"only 88 per cent of the cost of alcohol."

The W. C. T. U. president reported an increase of 57.6 per cent of women patients at an institute specializing in breaking the drink habit last year over the preceding year.

Married women, she said, made up 73 per cent of the feminine population of the institute. The average age of women inmates was 41.5 years.

**Harmony Committee to Run Democratic Drive**  
Chicago, Oct. 13—(AP)—Announcement was made last night of appointment of a harmony committee to coordinate efforts of the two factions of the Illinois Democratic party and manage the Cook county campaign.

Named to the committee were four representatives of the Kelly-Nash forces, three of Governor Horner's supporters, and a representative of State's Attorney Thomas J. Courtney, who is allied with the court.

A committee statement was issued, lauding the administrations of Governor Horner and President Roosevelt. Alderman Jacob M. Arvey, committee member, said the group would "coordinate efforts" of all organizations working for the Democratic ticket.

Political leaders would not comment on reports P. A. Nash, chairman of the Cook county Democratic central committee, was transferring his control of that body to the "harmony" group. One committee member, however, said an "important announcement" would be made this afternoon at a county committee meeting.

**Well, She Won't Starve to Death**  
Irked by conflicting reports that she had received a million-dollar inheritance or would receive it soon, pretty Jessie Barker, above, secluded herself in the home of her mother and stepfather in Louisville, Ky. "She's just an ordinary girl," said stepfather Wright Barr in denying Miss Barker had already received a check for a million left in trust by her father, Jesse Barker, of Peoria, Ill. Her family said she would get the million next spring. Meanwhile Miss Barker is existing on \$1000 a month.

## COLOR AIDS IN VEGETABLE DISH

Cooking Experts; Some Eye Appeal Stressed by Tasty Recipes

Mothers who have adopted the vegetable plate as a luncheon solution may well profit from the inspiration of restaurant managers who have learned that "eye appeal" adds to the popularity of this dish.

Not only is a grilled, or stuffed tomato, usually included, but a small glass of tomato juice is served with the vegetable plate for added color. Mothers who must "sell" the vegetable idea can develop this note of color and novelty, varying the plate with a section of stuffed celery, tomatoes or peppers stuffed with surprise fillings, Brussels sprouts cooked with chestnuts, a baked potato sprinkled with cheese, a deviled egg, or boiled vegetables garnished with hard-cooked egg yolks.

So many combinations of boiled vegetables, or grated raw vegetables, are possible, that the servings never should be monotonous. Rashers of crisp bacon may be added, or a section of bacon may top one of the stuffed vegetables. A spoonful of cottage cheese, or a slice of pineapple, broiled or uncooked, will be welcome.

Some dietitians suggest three vegetables besides potatoes, one of them to be cooked with milk, cheese or eggs. For the growing child, serve a glass of milk with the vegetables. The use of chopped meat left-overs in stuffed vegetables will yield even more nourishment.

Cook vegetables very rapidly, using the least possible quantity of water. And, most important of all, serve all vegetables freshly cooked.

### TIMELY RECIPES

#### Apple Bread

One cup sugar, one-half cup shortening; two eggs; one-fourth teaspoon salt; one teaspoon each soda and baking powder; one and one-half tablespoons sour milk; one cup raw apples, (grind but do not peel); two cups flour; one-fourth cup nutmeats; one teaspoon vanilla.

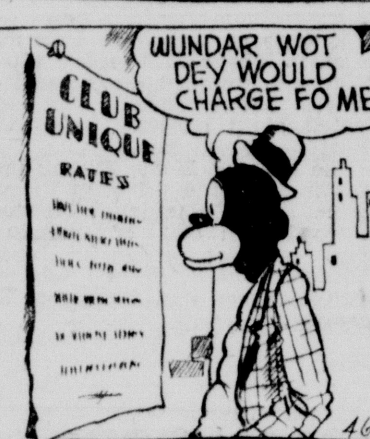

Blend ingredients in order given and bake in a loaf pan in a moderate oven about forty-five minutes. This bread is cake-like in texture; excellent for the lunch-box.

#### Baked Stuffed Apples

Choose large, tart, baking apples and scoop out centers. Fill with sausage meat mixed with whole-wheat bread crumbs. Use half sausage meat and half bread crumbs. Mix a little baking pow-

## Brain Twizzlers

By PROF. J. D. FLINT

The owner of a very profitable night club decided that he had made enough money to try out an idea that he had cherished for years. His idea was to be another night club but it was to be of very unique arrangement. The theme of its success was to be an international appeal and the owner intended to have his own way about everything whether the patrons like it or not. The night club would admit Englishmen at a cover charge of twenty-five cents each while Frenchmen had to pay two dollars each and Scotchmen had to pay four dollars each. On the opening night the president of a large organization was entertaining a number of foreign representatives all of whom were of one of the three nationalities. The president of the organization paid forty dollars cover charge for forty guests. How many Englishmen, Frenchmen and Scotchmen were there?

By taking one of the ten letters in cantaloupe, one of the ten in watermelon, one of six in banana, one of five in lemon and two of five in grape you get the word orange. (Copyright John F. Dille Co.)

## Music in the Air as They Arrive in U. S.

Gentle October zephyrs carried faint strains of fine music as the S. S. Normandie docked in New York with some of the most famous personages in the musical world. Among them was John Barbirolli, famed conductor of the New York Philharmonic Symphony, pictured on shipdeck.

Also on board was Arturo Toscanini, noted conductor, whose passport was recently held up by the Italian government. Accused by the Fascists of talking too much in opposition to Italian racial theories, Maestro Toscanini had nothing to say on his arrival.

Still another top-ranking artist arriving in New York for the winter season was Giovanni Martinelli, leading tenor of the Metropolitan Opera Company. With this trio in the United States, American music lovers will hear what the folks back home in Europe will miss.

Wediak is this: "He was a Christian gentleman."

Funeral service was held in the home at 612 First Ave. Dixon, in the Grace Evangelical church, Rev. Geo. D. Nielsen, Minister. The Grace Church Fathers and Sons' Quintet consisting of Darrel and Lawrence Palmer, Raymond Wulbrandt, Rev. Geo. D. and Ralph P. Nielsen sang: "In That Land So Far Away" by Babbitt; "Jesus, Thou Joy of Loving Hearts" by Sellers, arranged by Bernard of Clairvoix; and "The Christian's Good-Night" by Sankey. Mrs. R. Wulbrandt was the organist. The pallbearers were Delbert Rine-

hart, Murray Wentling, Al Eckert, Ed Holbrook, Fred Elcholtz and E. A. Rowley. The honorary pallbearers representing the Boy Scout troop were Edward Rinehart, Junior Pierce, Robert Wentling, Dick Wilson, Joseph Vuend and Earl Charvat.

Interment was at Oakwood with committal service by officers and members of Friendship Lodge No. 7, A. F. & A. M. and by the pastor of Grace church.

### ON LOTTERY CHARGES

Chicago (AP)—Police and postal inspectors arrested four men described as involved in a scheme to flood Chicago with lottery tickets on prizes up to \$7,500 based on daily federal treasury figures. Officers seized the men as one was loading a truck at a printing company. They confiscated bundles of thousands of tickets. The men were released on \$2,000 bond each pending arraignment on charges of violating the state anti-lottery laws.

## BOOK CLUB MEETING.

The Book club of the Walnut high school held its first meeting of the year at the home of Robert Bass on Monday evening. It has been decided to hold these meetings at the homes of the pupils. The topic for the evening's discussion was "Sports," and roll call was answered by giving a current event from the history of the game of football. Anita Atherton, the president, conducted a short business session, after which Ella Mae Whitner had charge of the program. She gave an interesting and entertaining history of the game of football from its development from the English game of Rugby. Clark Wolf's talk was illustrated with the crayon and blackboard, explaining every detail as the game is played at the present time. Much discussion followed this and many stories were told in relation to the game. The group then engaged in college football songs and various games were played until Mrs. Bass told them it was time for refreshments, which was apple pie a la mode. Lynn Kiser was co-host with Robert Bass. Everyone declared the first meeting had been a decided success. Miss Harriet Norre is head of the English department of the high school.

## WOMAN'S CLUB TRIP

The annual fall trip of the Compton Woman's club planned by the committee, Mrs. Maxine Gilmore and Mrs. Mildred Olson, was Saturday, Oct. 1. A group of nineteen ladies left in a chartered bus for Freeport, where they first visited the Rawleigh hotel, the largest of this kind. The ladies were first shown through the museum, which contains a collection of many fine pieces of art that Mr. Rawleigh had collected from the Orient. Afterward, they were shown through the departments of the factory and shown the modern machines used in manufacturing the materials, for example the automatic bottling machines, wash dry, iron, cork, cap, wash again and label 72,000 bottles a day. All are inspected as they pass along on belts to be assembled, packed and shipped. There are many spice and drug mills, steam kettles, stills, vats and machines for filling jars, tubes etc. Their raw materials come from nearly all countries, and nearly everything from raw materials to finished products is made in the Rawleigh factory. They employ from 100 to 500 people in this plant and have a large number of agents selling their products. Before leaving the ladies were given a box of face powder. The second place to be visited was the Kraft cheese factory, which is the world's largest pasteurized processing cheese factory. The ladies were conducted through the various departments and shown the machinery used in processing the cheese. In the receiving department they receive raw cheese from 25 small factories six days a week. This raw cheese is purified, blended, flavored and tested and they make approximately 25 to 30 kinds of cheese. The wood boxes, two and five pound sizes, were made, lined with wax paper, filled with hot cheese and sealed and labeled by machinery, also the cardboard packages of different sizes filled in the same manner. The packages then are corded on a rack that they may cool and be placed in a cooler. They have several coolers of different temperature where cheese may be stored. Length of storage may vary from six weeks to a year and a half. The factory's daily output is approximately eight carloads a day. After leaving the ladies were given a box of cheese. The ladies enjoyed luncheon and in the afternoon they visited one of Rawleigh's farms which consists of 840 acres. The ladies were shown through the modern milk

house and hog and dairy barns. They kept their barns very sanitary and their dairy cows (Holstein) are washed before milking, which is done mostly by a milking machine. The club ladies enjoyed this interesting and educational trip and appreciated the courtesy extended to them by the Rawleigh plant and Kraft cheese factory.

## M. E. CONFERENCE

The Rock River annual conference of the Methodist church, recently in session at the Chicago Temple, voted to accept James Hitt as pastor of Mt. Morris Methodist church and from the Mt. Morris village board, to hold the hundredth anniversary session of the conference here in October, 1940. A group of ministers who were attending a camp meeting in Mt. Morris in August of 1840, met at the call of Bishop Beverly Waugh at the home of Thomas Hitt, a local minister. Mr. Hitt's small cabin was located near the present house on the Joseph Young farm, at the northwest corner of the Sunset golf course. The historical committee of the Rock River conference is now gathering material for a great historical pageant which will be presented as part of the anniversary celebration. On Tuesday Rev. A. M. Pennewell and Mrs. Pennywell of Chicago, Rev. Homer W. Smith, president of the Garrett Biblical Institute of Evanston, and Mrs. Smith; Rev. H. P. Buxton and Mrs. Buxton of Dixon; and Rev. Charles R. Goff and Mrs. Goff, leading ministers of the conference with their wives came to Mt. Morris to look over the site of the anniversary session. They were pleased with the arrangement of the community gymnasium where the sessions will be held, and specially commented on the beauty of the campus and the town with the leaves in autumn color. During the five days of the conference, there will be about three hundred and fifty ministers and church officers in town, and on three days there will be an additional attendance of four hundred laymen. Definite plans for the housing and feeding of the members of the conference will be made in the summer of 1940.

## HARMON

## FANFARE—

By DON DANIELSON

Baseball for the local club will wind up in a blaze of fireworks Sunday afternoon at Walton. It's to be a big day at the village when Coach Billy Webb of the Chicago White Sox comes down with some of his players to give the local fans a last-minute baseball menu filled with plenty of style. Both the teams of Dixon and Walton will be augmented with White Sox players. Knauer, West Brooklyn star hurler, will be on the mound for the Cummings camp and Hoffman is expected to start for the Walton club. Game time is set for 2:30—and Walton is the magnet for drawing fans from all over this area on Sunday afternoon.

For your week end football menu there are several local games to attend. We are still wearing the bandage of last week's predictions but are willing to step out again and forecast the winners. Dixon over Belvidere as the Purple pushes on to triumph; Polo over Oregon; Mendota over Rochelle; Mt. Morris over Ambury; Sterling over DeKalb. We'll step into our steel suit Friday night. Oh, doctor, you struck a nerve!

Indian Summer brings thoughts of the Redskins; the Redskins recall baskets; and baskets recall the cage season. That's the only explanation for the early start in basketball here this season. At present there's a gang of fellows from Mrs. Shawger's boarding house getting up a team, getting up steam and getting up schedules. Thus far the cagers have a tentative date to play the employees of the Dixon state hospital on Oct. 26 and have gone so far as to plan their jerseys. The team is composed of Red Ellis, Raymond Holland, Phil Lightstone, Bill Price, Joe Ball, Bud Kerley and Bob Brown.

Orville Krahenbuhl of Rochelle is one of the backfield men who is reported to have come across in the clinches at Northern Illinois State Teachers college at DeKalb this season.

Dixon still has a football field. The season will be more than half over tomorrow night—and fans haven't seen the local stands this year. However, on the afternoon of Oct. 21 the cobwebs will be cleared away, the seats dusted and a merry ring will sound from hundreds of throats as the "local season" opens with the Alumni game. Coach Charlie Roudy is drilling his hopes hard each Sunday and another practice is set for 9:30 A. M. this Sabbath.

"If you keep on fighting, your chance to win will come some time," is one of Coach Bob Zuppke's favorite maxims.

Guest picker Number Three bows into the spotlight tomorrow night with his predictions of 20 big week end football tilts. The curtain will go up to find Bill Underwood out there all alone—right in range for ripe tomatoes and eggs from the dissenters. He may take some cheer, however, from the fact that O'Malley and Fritzen—brave men and true who pioneered the picking path—are still alive and their scalps right where they were before the season opened.

"I'm none too optimistic about this Belvidere game," commented Coach Clem B. Lindell last night.

The Dixon high school football mentor is beginning to run circles around old Gloomy Glenn Thistlewaite, former coach of the University of Wisconsin, in his pre-game outlooks. But maybe that is a good sign, for thus far is the season the Purple and White boys from the river bank have been doing all right for themselves—and their coaches.

Dixon goes to Belvidere tomorrow night for the last out-of-town game and seeking a second victory in the North Central conference with one already sailed down last Saturday at Mendota.

Last year the locals swept to triumph on the mighty wave of a 21 to 6 victory over the Purple and Gold, but this year things may be different if Coach Lindell's fears are well-founded. Last Friday night he witnessed the DeKalb-Belvidere game when the two teams ended in a 6-6 deadlock.

#### Belvidere Looks Good.

"Belvidere looked good," Lindell reported, "and really suffered from bad breaks. With 20 seconds remaining and DeKalb seemingly the victor, Belvidere pushed over for a touchdown. At the end of the half the Belvidere boys were on the six yard line as the gun sounded to cheat them out of further scoring attempts."

According to the local coach, the enemy of tomorrow night has the best chance in years to win. "They were in there pitching," Mr. Lindell continued, "and were tackling hard and blocking effectively. They were much better than in the game they had with Mendota."

Outstanding players to be watched in the hosts' lineup tomorrow night are Quarterback Houden and Lethal Lear, according to those who have seen them in action.

The average weight given for the Belvidere back field is 142 pounds as compared to 132 for Dixon; for the Belvidere line—153 pounds as compared to 168 for Dixon.

This week the Lindellmen took it easy on Monday night and last night stayed in out of the rain to

follow a chalk talk by the coach in the study hall.

Squad Improves. Pass defense has been stressed this week and Lindell believes there is a great improvement. This was demonstrated in the Mendota game last week. Line improvements have also pleased the coach who feels his line is better than early season indications.

Dixon has three more conference games—including tomorrow night's—with Belvidere, DeKalb and Sterling. The coaches of all three schools ganged up on last Saturday to scout the Mendota-Dixon tilt.

The lightweight game for tomorrow night is set to begin at 6:30. Coach Marv Winger of the Purple Ponies, has shifted his lineup somewhat. Quick, by virtue of his work at Mendota, will be given a position at right guard in the starting lineup. Other changes include Kelchner at quarter and Buxton at right half. The complete lineups of the two lightweight teams are as follows:

Dixon Pos. Belvidere  
Shoaf ..... Koppen  
Travis ..... Pell  
Sanford ..... Lampert  
Handell ..... Al Kiestner  
Quick ..... Buker  
Dennison ..... Hicks  
Youngmark ..... Lincoln  
Kelchner ..... Grady  
Williams ..... Craig  
Buxton ..... Beck  
Crawford ..... Funderburg

### Rocky Wolfe Will Be Speaker at Baseball Banquet at Steward

The annual baseball banquet sponsored by about 300 followers of the national sport residing in Steward and vicinity, will be held next Thursday evening, Oct. 20, at the Steward high school gymnasium. Plans are being made to accommodate 300 at the banquet.

"Rocky" Wolfe, well known sports writer of Chicago, publicity manager of the Chicago Bears football club, is to be the guest speaker of the evening, and the committee in charge hopes to be able to secure the presence of Nelson Potter of Mt. Morris, member of the Philadelphia Athletics pitching staff as a guest for the evening. Several from Dixon attended this event each season at the close of the world's series.

### Limb Upholds Baseball Writers This Season

New York, Oct. 12—(AP)—The limb on which the "experts" crawl at the beginning of every baseball season turned out to be a pretty stout piece of wood for 23 of the diamond writers during the 1938 campaign.

That number, of the 60 who participated in the annual Associated Press' pre-season pennant poll last April, picked the New York Yankees and the Chicago Cubs to win their respective league championships.

Only two of them, Charley Seagr of the New York Daily Mirror, and Sid Feder, Associated Press baseball editor, "hit the nail on the head" again in picking the Yankees in four straight for the World Series in the Associated Press' series poll last week.

# U. of Illinois Practices in Secret Belvidere Game is Last Out-of-Town Battle

## ZUPPKE FIGURES OUT HIS OFFENSE IN SECRET DRILL

### Other Big Ten Camps are Preparing for Tough Day This Week

Chicago, Oct. 13—(AP)—Bob Zuppke, the wily gent who paints Arizona landscapes and coaches football, has locked the gates around the University of Illinois practice field and that gesture hints sinister designs upon eleven or more Notre Dame "Irishmen."

Opening of practice for this Saturday's game with Notre Dame found the Illini working out in secret for the first time this year. It is no secret that Bob Zuppke would like to do a little better than last year in surprising the Irish of Elmer Layden with a scoreless tie in Champaign.

In addition to keying his boys for a tough job Saturday, Zuppke needed a little privacy to figure out what he's going to do with his backfield.

#### Mel Brewer Out

Mel Brewer, quarterback, was definitely out of the Notre Dame game with a torn knee ligament. His place will be filled by a senior, Phil Pezzoli. Just who other starters will be remained a little cloudy as Zup intimidated he might do some shaking up.

In yesterday's drill against freshmen equipped with Notre Dame plays, Cliff Peterson and Jay Wardley were at the halves a good portion of the time, but Bob Wehrli and Don Elting, the latter a sophomore, saw plenty of action. George Rettinger did the greatest part of the fullback work.

In other Big Ten camps yesterday:

Tony Gradianik, speedy halfback, was listed as a doubtful starter for Wisconsin against mighty Pitt when a leg injury was reported to have failed to respond to treatment.

Chicago's Maroons scrimmaged long against Iowa plays and Coach Clark Shaughnessy indicated John Wilson, soph, would start at right tackle; Mike Enich, 212-pound quarterback, was shifted to center as Irl Tubbs sent his Iowans through a hard drill with Russell Busk at quarter.

Minnesota polished passing and running plays for Michigan as Harold Van Every, out with injuries for three weeks, was crossed off the list of active Gophers for this Saturday; Tom Harmon, the sophomore who played some brilliant ball against Chicago last week, looked like a starter Saturday as Michigan stopped a Gopher-attack-armed frosh team cold.

Speedy backs were put through their paces at Columbus as Ohio State worked on speeding up plays for Northwestern; Coach Lynn Waldorf put his Northwestern Cats against a freshman crew which unleashed lots of the Francis Schmidt "razzle dazzle."

Bo McMillin felt a little cheered when he described as his weakest point was filled by the return of Russell Sloss, veteran center; Purdue wound up preparations for its game in New York with Fordham by snapping through an offensive scrimmage.

## BLACKHAWKS LEAVE FOR CHAMPAIGN TO TRAIN FOR HOCKEY

Chicago, Oct. 12—(AP)—The world champion Chicago Blackhawks, who battled out of almost nowhere to win the Stanley Cup last season, left today for Champaign, Ill., where they will train for the 1938-39 National Hockey league season.

Player-coach Paul Thompson led the squad of 21 and will have charge of conditioning for two weeks. Manager Bill Stewart is recuperating from an appendectomy in Dorchester, Mass.

In addition to Thompson, team members making the trip were: Mush March, Doc Romnes, Earl Seibel, Art Wiebe, Alex Levinsky, Bill Mackenzie, Cully Dahlstrom, Johnny Gottsall, Jack Shill, Roger Jenkins, Carl Voss, Harold Jackson and Mike Karakas.

Newcomers were: Joffre Desllets, right wing obtained from the Montreal Canadiens for Louis Trudel; Baldy Northcott, Russ Blinco and Earl Robinson, first string line of last year's Montreal Maroons; Paul Goodman, goalie from Wichita in the American association; Ab Demarco, right winger from the Baltimore Orioles of the Eastern Amateur league, and Phil Bestler, right wing who led the Pacific Coast league in scoring last year while with the Portland Buckaroos.

Beginning Friday, the Hawks will skate at the University of Illinois rink each morning and do gym and outside work in the afternoons.

The Hawks open their home season against the New York Americans Nov. 3.

Columbia University received a total of over \$403,000 in gifts during the past year.

## SOPHOMORES IN GRIDIRON CAMPS RISE AND SHINE

### There Are New Stars on The Horizon Tasting Football Glory

New York, Oct. 13—(AP)—A place kick between the goal posts; a pass tossed through the shadows in the last minute of play; the quick shift, the break and the dash down the sidelines as the stands roar—and a football star is born.

There are new luminaries aplenty on the horizon, some sophomores just tasting glory, other veterans rising to their big year.

Out at Minnesota they are singing the praises of Wilbur Moore, the halfback who has inherited the mantle once worn by Pug Lund and Jules Alphonse. A senior, Moore was unhealed in the pre-season ballyhoo, but he is the big noise now, the best runner on the squad.

Outstanding Gopher end thus far is George Nash, who has caught passes and shone defensively on a line that has kept the enemy outside the Minnesota 45-yard line thus far.

#### Notre Dame's Offer

Bob Saggau, best freshman back last year, is Notre Dame's most notable newcomer. He plays left halfback, the most arduous backfield position in the Irish system. If Notre Dame is as good as mid-Westerners think, Saggau will learn football this year and emerge as a fully rounded player next season.

Resurgent Michigan offers Tom Harmon, an able ball carrier and blocker who has been going well behind a veteran line, Wadde Long, the Oklahoma end who smothered Rice's Ernie Lain and harried Texas' passers, is the man of the hour in the Big Six.

Two outstanding players on the coast apparently belong to Oregon's Webfoots. Jimmy Nicholson and Jay Grayback, two fine halfbacks, have passed and run Oregon to the top of the coast conference. Cotton Milner, Louisiana state back, place kicked the field goal that beat Rice, was made a major general on Governor Leche's staff and grabbed a sheaf of explosive headlines.

Linemen in South. Fine linemen are making their presence felt in the south. Dan Hill, Duke center, has been throwing his weight about, Steve Moronic, North Carolina's tackle and co-captain, Bernie Smith, Tulane's fine center, and Paul Severin, Targeel end, are other brightening stars. Best sophomore back in the south, according to deafening publicity and one or two opponents, is Sweet Lalanne, the quarterback at North Carolina.

Good backs are as plentiful as linemen are scarce in the east. At Brown a great back comes into his own as Irving (Shine) Hall hits full stride as one of the best ball carriers. Francis Reagan of Penn is making the Quakers forget the Big Four of 1936.

## Dixon Director

—Telegraph Photo

Arthur C. Bowers, popular director of athletics at Dixon high school, was born in Chicago, and attended high school at Yankton, S. D. After high school, Mr. Bowers was graduated from Yankton college and has a B. A. degree.

For one year he taught at Parker, S. D. and has been in Dixon for the past 18 years. While in high school and college he was actively engaged in football, basketball and track.

As the passer to succeed Columbia's Sid Luckman as the east's best.

At Syracuse his Stan Johnson, a soph fullback, and Bill Eschenfelder, a tackle who may out his captain; at Yale it's Harold Burr, cocky little passer and kicker; at Navy the boys tout Halfback Cliff Lenz, Hal McCullough, a triple threat, is making good at Cornell, and Len Eshmont is the man to make 'em forget the seven blocks of granite at Fordham.

## Work to Get Baseball Into Olympic Program

New York, Oct. 13—(AP)—Under the energetic direction of Secretary-Treasurer Leslie Mann, the International Amateur Baseball federation rapidly is approaching its goal, the inclusion of baseball as a competitive sport on the Olympic Games program.

Neither Mann nor his fellow-workers here and abroad expect to reach that goal for the 1940 Olympics. But they do plan to hold amateur baseball's international "World Series" in England that summer and then submit their application to the International Olympic committee at the games in Finland in time to be included in the 1944 program.

Baseball, like any other sport, must show that it has the active support of ten nations banded together in a federation before it can receive I. O. C. approval. Mann and his fellow-workers already have passed that milestone.

## DUROCHER'S JOY IS TEMPERED BY FATHER'S DEATH

### New Manager Has Many Plans as Chief of the Brooklyn Dodgers

New York, Oct. 13—(AP)—One of the most eagerly sought positions in all sport, the managership of one of the 16 big league ball clubs, has been handed to Leo Durocher, 33-year-old short-stopping product of West Springfield, Mass.

Having reached the pinnacle of his profession, Durocher was so happy he barely could talk faster than 200 words a minute when he faced the metropolitan baseball writers yesterday to receive congratulations on his new job with the Brooklyn Dodgers.

His joy was tempered only by the fact he had to be back in West Springfield today to attend the funeral of his father, a rabid baseball fan, who died Monday night.

Leo fairly bubbled as he told of his plans for the Dodgers. General Manager Larry MacPhail broke in to remark: "If they print everything you've said, we'll get the biggest press notice in history on the appointment of a manager."

#### A Cynic's Remark

A cynic in the back row said in an aside: "You'll notice they're only giving him a one-year contract. Wonder who they'll be appointing this time next year."

And there you have one of the daffiest things about the national game. Durocher, a fine, fighting shortstop since he broke in with the Yankees 11 years ago, is so happy he could bust at the prospect of managing a seventh place ball club—for one year.

If he is fortunate and shot with luck, maybe his contract will be renewed for 1940. But Burleigh Grimes, whom Durocher succeeds in the long line of Brooklyn pilots, wouldn't advise you to bet on it.

Neither would Babe Ruth, who came out of retirement some months ago to coach for the Dodgers, and expected to fall heir to Grimes' job. They offered to let the Babe coach again next year, but he turned it down.

As he looks around him, Durocher may notice that both his new coaches are former big league managers. Bill Killefer had eight years of it, with the Chicago Cubs and the St. Louis Browns. Charlie Dressen piloted the Cincinnati Reds.

It almost broke the heart of Jack Coffee, Fordham baseball coach, when George Starnweiss, North Carolina's star back, decided to cast his lot with the tar heels. . . . George, it seems, is one whiz of a second sacker and coffee had him tagged not only for the Rams, but later for the Yankees. . . . Ace Parker (first big league football player to have the nerve to do it) has sprouted a soup strainer and will display same in next Sunday's game between the Brooklyn Dodgers and Green Bay Packers. . . . Right now it don't look so good for Burgess Whitehead returning to the Giants next season. . . .

Wake Forest, which is going to be a power in the Southern Conference in a year or so, has so many good yearlings they've had to farm some of them out to smaller schools in the neighborhood. . . . Also this year's crop is so good, at least one 1937 letterman was sent home because he wasn't good enough. . . . If Jack Corbett, principal owner of the Syracuse chiefs, sells his interest to the Cincinnati Reds (which he is about to) he will retire to his Texas ranch if he doesn't land a major league connection—which he should. . . . Bob Feller is leading the barnstorming troupe of major leaguers on the Pacific coast.

## On the Side

Bits of Gossip of Sports Picked Up by AP Writer

By EDDIE BRIETZ

New York, Oct. 13—(AP)—Lots of news today, boys. . . . (A) Billy Herman of the Cubs is reported headed toward St. Louis as manager of the Cards (and don't let them laugh that one off) . . . (B) At least two big Pacific Coast schools are flirting with Carl Snavely of Cornell (and don't let them laugh that one off, either, for we can give names) . . . (C) Wallace Wade of Duke is about to give up the hunt for a big name coach to succeed him when he moves up to the athletic director and will hoist Carl Voiles, his first lieutenant, into the head coach's job. . . . Voiles, a former U. of Illinois man, is O. K. in every way and all here hope he gets the break.

Note to All America football pickers: Be sure to tag Phil Swadon, New York U. tackle, among your list of eligibles. . . . The boy's got it. . . . Can anybody give Sol Goldberg (Marshall's dad) a job in Florida during the winter? . . . He's sold his West Virginia picture show and wants newspaper, offers either for reporting on football or working in the circulation department. . . . What's all this stuff about the Judges Landis and Bramham not getting along so hot? . . . They used to be just like that.

Good for Leo Durocher. . . . He's a hustler himself and can make others do same, which counts. . . . We say the Dodgers made a fine choice. . . . Also Leo is known as one of the flashiest dressers in either major league, if that means anything. . . . At least 15 football games on Saturday's schedule go this way or that, so be careful of those pools, boys. . . . Ceferino Garcia took his first workout for Henry Armstrong yesterday and looked great. . . . Don't know how much truth there is in it, but New York columns have Dick Harlow headed for Penn and point out that two of his chief assistants already have showed up there to install the Harlow system. . . . Which we regard as a slam at young George Munger who everyone thinks has done a good job.

It almost broke the heart of Jack Coffee, Fordham baseball coach, when George Starnweiss, North Carolina's star back, decided to cast his lot with the tar heels. . . . George, it seems, is one whiz of a second sacker and coffee had him tagged not only for the Rams, but later for the Yankees. . . . ## FARMERS BEING SOLD OUT SAYS SIMON E. LANTZ

Republican Meeting in Dixon Wednesday is Very Enthusiastic

The Circuit Court room at the court house was crowded to capacity and a number stood in the hall way yesterday afternoon to listen to brief messages delivered by the Republican candidates for state offices. The caravan arrived at noon and the candidates as well as the county candidates, women organization workers of the 12th and 13th congressional districts and county precinct committees attended a luncheon at the noon hour at the First Methodist church. Chairman H. C. Warner was host at the luncheon after which the several candidates and a number of visiting guests were presented.

The meeting was held in the Circuit court room beginning at 2 o'clock with Chairman Warner presiding. The several county candidates were presented at the opening after which several visitors were introduced, among whom were: Justus L. Johnson, clerk of the Appellate court, Ben L. Berve, Rochelle, senatorial committeeman; Dennis J. Collins, DeKalb, representative; George S.

Brydia, Prophetstown, candidate for representative; Judges Harry Edwards of this city and Leon Zick of Oregon; John Manning of Rochelle, chairman of the Ogle county Republican central committee; Dr. H. L. Pettit of Morris, chairman of the Whiteside county Republican organization, and Congressman Leo Allen of Galena.

**Teacher's Status**  
Discussing the educational needs of the state, Wiley Garvin of Mascoutah, candidate for superintendent of public instruction, called for improvement in the status of teachers.

"In many parts of the state we have adequate educational standards for the people to whom is entrusted the care and training of our children. That must be extended to all teachers. But to have better teachers, we must provide them with more permanent tenure, we must give them the same freedom of religious thought, and of political thought, that we demand as citizens in other fields. There must be, too, a reorganization of the present teacher's pension system."

George E. Lambur, Jr., candidate for the clerkship of the Supreme Court, is the youngest member of the state Republican candidates, who called for more active participation in politics by the youth of Illinois.

"Every year 125,000 girls and boys reach the voting age. As men and women," he said, "they should have a personal interest in our government, because they will one

day hold all responsibilities, and suffer if there is bad government."

**Farms Sold Out**

Simon E. Lantz of Congerville, recognized leader of the agricultural bloc in the Illinois legislature, candidate for congressman-at-large, declared:

"The American farmer has been sold out to the foreign farmer under the New Deal's reciprocal trade agreements. Hidden taxes on American farm products, caused by excessive costs of government, have resulted in a nullification of the tariff. As a result of this," he added, "foreign farmers can import into the United States, agricultural products and commodities cheaper than the American Farmer can place them on his own market."

"On meats alone there are hidden taxes of from 5 1/2 to 9 1/2 cents a pound that the American farmer and processor has to pay, but the foreign farmer can sell his meat products in this country by only having to hurdle a tariff of 3 1/2 cents a pound. Is it any wonder our domestic market is lost under these conditions," he asked. He then cited figures to show how the imports of agricultural products such as corn, wheat, pork, poultry and dairy products, have increased, some as high as 200 per cent, since the reciprocal trade agreements of the New Deal went into effect three years ago.

"These importations have resulted in a loss of a billion dollars a year to American farmers," he declared.

**Cut Government Costs**  
The best solution for the farm problem, he insisted, was to slash the cost of government in half; make the tariff effective on agricultural products coming into America, and handle surpluses in a manner to prevent price breaking.

Stephen A. Day of Evanston, famed constitutional lawyer and a leading opponent of packing the Supreme Court, pronounced the Republican platform as the most advanced and progressive ever adopted by any party in the United States.

"That platform," he said, "gives the laboring man more than he ever hopes for by granting him the right to organize; increasing workmen's compensation rewards from 50 per cent to 66 2/3 per cent; offers a sustaining old age pension, and deals with the farm problem in a manner satisfactory to agricultural interests."

He urged the election of Republican congressmen and Senators to the next Congress in order to put a stop to a dictatorship—"the aim of the New Deal."

"The Republican party," he added, "is pledged to stop the huge flood of foreign manufactured articles and foodstuffs which only tend to relieve the American

## Rougher Game Than Politics?

Virginia's little "giant killer," Senator Carter Glass, took time out from his job as unofficial gadfly to the New Deal to see how the big boys of professional football handle the opposition. The open-mouthed gentleman from Virginia is pictured putting everything he has into the role of spectator at the New York Giants-Washington Redskins game in Washington.

farmer of his market, and the laboring man of a job."

**Old Age Pensions**  
William McCauley of Olney, candidate for state treasurer, twice commander of the Illinois department, American Legion, warned of the dangers of this country being forced into another war, and discussed the Republican Old Age Pension plank of \$30 a month for needy aged, 65 years or over, without gainful employment, and without the signing of a pauper's oath.

"Democratic spokesmen," he said, "claim this pension cannot be paid. I say it can be paid if they make an honest effort to collect the sales tax."

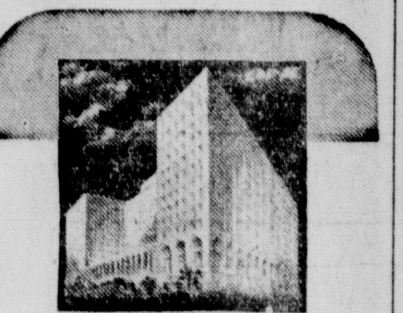

He then showed where the state collects annually \$100,000,000 from the sales, liquor and utility tax.

"Another \$20,000,000 could be collected," he added, "if the investigators for the sales tax would do the job assigned to them instead of attempting to build up a political machine by playing favorites with those persons who collect the tax off the market basket of Illinois housewives."

"Every day we see newspaper accounts of where suits are being filed in an effort to collect sales tax rightfully due the state. Figures show that last year \$20,000,000 of this tax never reached the state treasury. If this amount was collected, as it should be, it would mean that the state would have enough money on hand to pay more than 300,000 needy aged in Illinois \$30 per month."

McCauley pointed out further saving could be made in administration of the pension by turning the problem of administering the pension back to the counties, which would do away with hundreds of clerks and, "professional snoopers going around the state prying into the personal affairs of people"—something that will be stopped under a Republican administration.

ville, member of the lower house and candidate for United States Senator, received a rousing ovation when Chairman Warner first presented Mrs. Lyons and then her talented husband. The forceful and convincing speaker said:

"You can't have good government unless you have balanced representation in Congress. Unless there is a strong minority party that will be able to prevent hasty and ill-considered legislation being placed upon our statute books, government suffers."

"The men who wrote our constitution realized the need for checks and balances in government, and they adopted the two house system to provide such a rein on the laws passed. It was Jack Garner, when he made his farewell speech to the members of the House of Representatives on his election as vice president of the United States who said, that while he was pleased for his many friends who had been elected to office, he was sorry for his country because the ab-

sence of a strong minority party did not make for good government or good laws. Garner spoke not as a Democrat, but as an American and a true statesman."

The candidate impressed his listeners with a plea for Americanism and with the importance of discarding the yoke of the New Deal. The coming elections, he said, were not a question of supremacy of party, but of the return of true American ideals, which meant for the return of prosperity to the United States.

Both the luncheon and afternoon meeting were attended by men and women from the 12th and 13th congressional districts comprising of Boone, DeKalb, Grundy, Kendall, LaSalle, Winnebago, Carroll, Jo Daviess, Lee, Ogle, Stephenson and Whiteside counties.

An electronic clock that will not gain or lose one second in five or six years is installed at the Washington naval observatory to regulate all official clocks.

**NEW FUR JOINS THE LIST.**

Paris.—(AP)—Add to the dictionary of furs, the word "guanaco"—and the definition—South American skunk. As for the description, the fur is long haired, with light tan under-hairs, and top-hairs of dark brown. Its chief use is for sports, in long or short swagger coats. Vera Borea features a long coat of guanaco, worn over a suit with a

plaid wool jacket and a plain rusty red wool skirt.

**DRESSING FOR ENDS.**

Here is a dressing to serve you. Mix two tablespoons of currant jelly with one-third of a cup of salad dressing or mayonnaise and add two tablespoons of heavy cream, whipped. Arrange the endive on sliced oranges and pass the dressing.

Safe ingredients as listed in U. S. Pharmacopoeia. Money refunded if not satisfied. Costs only a few cents daily. Ask today about OUFINE."

**TODAY SAVE 36c**

To prove how valuable this grand medicine is, we are offering 75c worth of VINKOLA TONIC to every family for only 39c. A regular size bottle!

Many people who have suffered bladder, stomach, liver, or kidney trouble, tell us they are amazed and delighted with the results they get. Noxious poisons are sometimes driven from the body from seven to ten hours. The second day, in most cases, aches and pains from Rheumatism and Neuritis often completely disappear. In some cases, where swelling and stiffness is present, 8 or 10 doses is all that is required. Most simple cases of gas on the stomach or belching only need one dose.

The most important thing you must remember is the regulation of the bowels, so that you have free elimination. This usually occurs 8 to 10 hours after the first dose.

Dr. Kamff's VINKOLA is sold to you on an absolute money back guarantee that if you are not satisfied with the results you receive, come in and get your money back! Remember a 75c size only 39c. Ask about the large family size bottle only 68c.
